To whome It may Concern;

In Regards to Avista wanting to Raise our Idaho Electric Rates to average of $ 6.54 a month, Please reconsider this increase. They need to be more Regulated. I am a Senior widow in late 80's and on social security only, as many of us here in North Idaho, and cannot afford any increase whatsoever. We did not get any Raise in our Social Security this past year as the Chief Executive officer salary did for past years. I am tired of paying for his, luxurious lifestyle. Maybe he would like to go to the Food Bank & get his food to Eat.

Please think of us Senior citizens and I thank you for listening.

I wish not give my name
