RE: Idaho Broadband Tax Credit

FZ4-T-16-01

Dear Jean Jewell:

Fatbeam is a registered CLEC within the State of Idaho, Washington, Montana, Wyoming, and Oregon. Our services are Lit Ethernet starting with a minimum of 1GB, Dark Fiber, and a 1GB Internet product. We continue to deploy our network in the Post Falls/Coeur d'Alene metro area in 2015. We have also deployed our networks into American Falls, Firth, and Rathdrum to service the school districts in those areas. We believe this qualifies our equipment under Idaho Code 63-3029I. The school districts are able to use the USAC E-Rate program to help offset the cost of our service, as it is eligible for Category 1 – Telecommunications with E-Rate.

Fatbeam plans on leasing excess capacity on the network to other members of the community, mainly in the form of dark fiber. Our customers on record as of the end of 2015 are the Coeur d'Alene School District, Post Falls School District, American Falls School District, Firth School District, KTEC in Rathdrum, ALK-Abello in Post Falls, City of Coeur d'Alene (Police and Fire Stations), Hagadone Corp. in CDA, Intermax Networks, Dave Smith Motors, Ednetics (Lakeland School District in Rathdrum), Education Networks of America (Coeur d'Alene School District and Mountain View School District in Grangeville), N. ID Dermatology in CDA, Pinkerton Retirement in CDA, Rohinni in CDA, Sentry Dynamics, XO Communications, tw telecom, and Mammoth Networks. 100% of our customer base has access to our broadband services.

Please let me know if you have any further questions regarding our Broadband Tax Credit Application for 2015. The best way to reach me is via email at kim@fatbeam.com or phone at (208) 758-7003.

Kind regards,

Kim Devlin
