***CSBG – Community Services Block Grant**

Eligible activities include employment training, job readiness education, education assistance, emergency services including food, medical, clothing and shelter assistance, family development information, health assistance, youth programs and referral to other service organizations

****TEFAP – The Emergency Food Assistance Program**

Eligible activities include distribution of US Department of Agriculture food commodities.

*****ITSAP – Idaho Telecommunications Service Assistance Program**

Eligible activities include assistance with monthly costs for the primary residential telephone service

******WX – Weatherization Assistance Program**

The installed measures may include insulation of walls, ceilings and floors; infiltration materials; repair or replacement of heating systems, hot water units, windows and doors and measures addressing the participant's health and safety. Measures may vary by county.

*******LIHEAP – Low Income Home Energy Assistance Program**

Eligible activities include cash assistance with home heating costs, emergency assistance to participants who may be threatened due to lack of heat in their home. Households that receive food stamps may have their application taken over the telephone. The program is currently available November 1.

Documentation needed at time of Energy Assistance appointment

- Names/birthdates for all household members
- Heating Energy Vendor Name/Account number (utility bill)
- Verification of residence address (utility bill)
- Income verification for the previous month (check stubs, SS/SSI award letters, etc)
- Self-employment and seasonal workers are required to provide previous 12 months of income or tax forms for 2011. If you have been receiving unemployment, verification showing history and benefit amounts received (if applicable) must be provided from the Idaho Department of Labor
- At least one household member must be a citizen or legal resident of the United States
