RE: **VERIZON NORTHWEST INC.'S AMENDMENT TO THE INTERCONNECTION AGREEMENT; CASE NO. VZN-T-02-9.**

BACKGROUND

Under the provisions of the federal Telecommunications Act of 1996, interconnection agreements must be submitted to the Commission for approval. 47 U.S.C. § 252(e)(1). The Commission may reject an agreement adopted by negotiations only if it finds that the agreement: (1) discriminates against a telecommunications carrier not a party to the agreement; or (2) implementation of the agreement is not consistent with the public interest, convenience and necessity. 47 U.S.C. § 252(e)(2)(A).

CURRENT APPLICATION

On April 4, 2007, Verizon Northwest, Inc. submitted an Application for an amendment to the interconnection agreement with Sprint Communications Limited Partnership. In this Application, the parties request that the Commission approve amendments to the original agreement that include Unitary Rate and DS0 Loop/Resale Discount.

STAFF ANALYSIS

Staff has reviewed the Application and does not find that any terms or conditions are discriminatory or contrary to the public interest. Staff believes that the Application is consistent with the FCC orders and pro-competitive policies of this Commission, the Idaho Legislature, and

the federal Telecommunications Act. Accordingly, Staff recommends Commission approval of the Application for Approval of Amendment to the Interconnection Agreement.
