**FROM: CURTIS THADEN**

**DATE: April 6, 2016**

**RE: IDAHO POWER COMPANY TARIFF ADVICE NO. 16-01  
REVISIONS TO THE GENERAL RULES AND REGULATIONS INDEX,  
SCHEDULE INDEX, AND CANCELLATION OF SHEET NO. 23- 11**

On March 22, 2016, Idaho Power submitted Tariff Advice 16-01 to revise Idaho Power's Electric General Rules and Regulations Index, Schedule Index, and cancelling Sheet No. 23-11. Over time, changes have been made to the titles and page numbers of tariff schedules and rules. Because of the changes, the indexes for the tariff need to be updated. In addition, Schedule 23 was updated when Advice No. 15-16 was filed. The page numbers changed when wording was moved, resulting in Sheet No. 23-11 being eliminated. In addition to the housekeeping changes, 3 new schedules are added to the index:

**Schedule 73 – Cogeneration and Small Power Production Schedule – Idaho**

**Schedule 82 – Flex Peak Program**

**Schedule 87 – Intermittent Generation Integration Charges**

Idaho Power requests that the proposed revisions become effective April 22, 2016.

### **STAFF RECOMMENDATION**

Staff reviewed the revisions to the General Rules and Regulations Index, Schedule Index, and Schedule 23. Based on its review, Staff recommends approval of Idaho Power's proposed changes to its tariff.

## COMMISSION DECISION

Does the Commission wish to approve the changes set forth in this Tariff Advice with an effective date of April 22, 2016?
