RE: IDAHO POWER'S ADVISORY LETTER REGARDING TRANSFER OF
TITLE OF TERRACE HILLS MOBILE ESTATES METER PEDESTALS

BACKGROUND

On June 28, 2016, Commission Staff received an advice letter from Idaho Power advising about its intent to transfer title of 16 meter pedestals in the Terrace Hills Mobile Estates mobile home park in Cascade, Idaho to the joint owners of the property. Commission Staff conducted a review of the proposed transfer and determined it was a de minimis transaction with no impact on customer rates. Staff recommends that no further process is warranted.

COMMISSION DECISION

Does the Commission agree that no further process is needed regarding this letter?
