IDAHO PUBLIC  
UTILITIES COMMISSION

April 12, 2012

Mr. Randy Lobb  
Administrator Utilities Division  
Idaho Public Utilities Commission  
472 West Washington Street  
Boise, ID 83702

RE: 2011 Annual Reports

CenturyTel of the Gem State, Inc. d/b/a/ CenturyLink  
✓CenturyTel of Idaho, Inc. d/b/a/ CenturyLink

Dear Mr. Lobb:

Enclosed for filing with the Commission is an original of the 2011 Annual Report for the above referenced companies, along with attachments for page 20. Also enclosed for filing is an original of the Form I based on December 31, 2010 data for both companies and a copy of the most recent separations study.

All questions regarding this correspondence should be addressed to:

Mr. Ted Hankins, Director  
Regulatory Operations  
P. O. Box 4065  
Monroe, LA 71211-4065  
318.388.9416

I would appreciate your forwarding any future correspondence and forms associated with these submissions to my attention.

Sincerely,

A handwritten signature in cursive script that reads "Lisa F. Grantham".

Lisa F. Grantham, Director  
Separations/Regulatory Finance

Enclosures

**ANNUAL REPORT OF SMALL TELEPHONE COMPANIES TO  
THE IDAHO PUBLIC UTILITIES COMMISSION

# Phillips Hearing CENTER

Helen Keller once stated that *"Blindness separates us from things but deafness separates us from people."* People with a hearing loss often find themselves withdrawing into an isolated world. This can be a lonely time for the person with the hearing loss but also for the family members that may not understand why their loved one is withdrawing. Because hearing loss can come on gradually symptoms can sometimes be missed or over looked.

- We offer hearing screenings and full diagnostic tests
- We provide counseling and rehabilitation therapies
- We work with all forms of amplification; hearing aids and medical implant devices.
- Phillips can work with newborns, infants and toddlers and adults.

*"When someone in the family has a hearing loss, the entire family has a hearing problem."*

### SERVICE SATISFACTION

A CenturyLink customer service representative will be happy to assist you with any problems you may have with regard to our services. If a representative is unable to solve your problem, you may ask a supervisor for assistance. You may also write to:

**CenturyLink**  
Quality Assurance Department  
100 CenturyLink Drive  
Monroe, LA 71203

## Installation and Service

### REQUESTING SERVICE

Follow these simple steps when you need to order, change or stop your telephone service. Call our Customer Contact Center and speak with a customer service representative. Please be prepared to provide the following information:

- your full legal name
- your street address
- employment and credit information (see next column)
- types of services you want
- your choice of long distance company
- information regarding your previous telephone number
- how you want your name to appear in the directory

### COSTS TO BEGIN SERVICE

A one-time fee is charged to install or change your service. The use of telephone service for business purposes automatically subjects that service to business rates regardless of the type of premises where the telephone is installed. An advance payment or deposit may also be required.

If you need inside wiring or jacks, you have three options:

- You can have CenturyLink do the work at the cost of time and materials. Call our Customer Contact Center for a cost estimate.
- You can hire an independent contractor to do the work.
- You can do the work yourself.

### ESTABLISHING CREDIT

If you are a new customer with CenturyLink, you may be asked for an advance payment or deposit to establish service. Customers requesting business telephone service may be required to demonstrate satisfactory credit that is appropriate for the service requested. Deposits are based on local service and long distance charges. Any residential customer who furnishes a guarantor is not required to pay a deposit. Any CenturyLink residential customer with 12 months good credit qualifies as a guarantor. Your deposit will be refunded with

are paid on time. If service is discontinued during this time, the deposit and interest will be applied to your final bill. Interest rates are set periodically by the Idaho Public Utilities Commission.

### INSIDE WIRE MAINTENANCE PLAN

CenturyLink's™ optional inside wire maintenance plan for residential and small business customers includes the diagnosis, repair and/or replacement of inside wiring and/or jacks. There is a small monthly charge for the inside wire maintenance plan.

#### Exclusions and Conditions

- Damage to wiring and/or jacks due to natural disaster or acts of God;
- Customer negligence, excessive abuse and/or additional wiring placed by the customer, which does not meet company standards;
- Repair of defective telephone cords, phones or equipment such as fax machines, answering machines or computers;
- Recreational vehicles, and other temporary or moveable structures are not covered;
- Lines terminating to a Key/PBX, ISDN lines or other non-basic lines;
- The following may not be covered: Leased commercial facilities, multi-dwelling units (apartment buildings, nursing homes, etc.) The Telephone Company will provide maintenance to the protector at these locations. It may be the responsibility of the management of these facilities to monitor and notify each tenant of this policy;
- If you subscribe to more than one line, you must subscribe to the inside wire maintenance plan on all lines in order for them to be covered.

### TELEPHONE PROTECTION PLAN (TPP)

Our Telephone Protection Plan provides coverage for all of your eligible home telephones and Caller ID units against mechanical or electrical failure due to normal wear and tear or power surge. If your phone becomes inoperable for one of these reasons, you only make one toll free call to file a replacement request and a replacement phone is sent to you immediately for all covered requests. The process is convenient and easy. Call our Customer Contact Center for more

## Billing

### BILLING INQUIRIES

If you have questions about your CenturyLink bill, please call our Customer Contact Center. For questions about long distance charges, please see your CenturyLink bill. For your convenience a list of telephone numbers for each long distance company is provided.

### PAYING YOUR BILL

For your convenience, a return envelope is included with each monthly bill. Detach the bottom portion of your bill and return with your payment. Write your telephone number on the check or money order. If the return envelope is not available, mail your payment to:

**CenturyLink**  
P.O. Box 4300  
Carol Stream, IL 60197-4300

Bills may also be paid at:

**CenturyLink™ Retail Store**  
111 South Terrace, Salmon  
Monday-Friday 8:30 a.m.-5:00 p.m.

### PAYING YOUR BILL AUTOMATICALLY

CenturyLink offers convenient ways to automatically pay your telephone bill each month.

**My Account.** Manage your account by logging on to [www.centurylink.com](http://www.centurylink.com) free of charge. View summaries, check details and pay your bills online. You can even review your last three bills online without waiting for traditional printing and mailing.

**Credit Card Payments.** CenturyLink accepts **VISA®, MasterCard®, Discover®, and American Express®** for payment of telephone bills and other special services. Simply enroll in the credit card payment plan and CenturyLink will debit telephone expenses from your credit card on a monthly basis. Customers who choose this plan will still receive a statement of telephone charges each month.

**ConnectCheck Plan.** Simply tell us which bank or credit union checking account you would like to use to pay your telephone bill. Each month, CenturyLink's accounting department will debit your designated account for the amount of your bill. You will still receive a statement each month.

For more information about these convenient options, call 1-800-201-4099.

### BILLING PROCEDURES

Monthly charges for telephone services are billed one month in advance and long distance calls are billed after you make them.

The payment due date, printed on the front page of your bill, is the date by which CenturyLink should receive your payment. Your bill is considered past due if your payment is not received by this date. If payment is not received by the due date, your service could be subject to disconnection. If your payment will not reach us by that date, call the Customer Contact Center to discuss payment alternatives.

If your service is disconnected for non-payment, contact a customer service representative. Payment of the past due balance, a reconnect fee, and a deposit, if applicable, will be required before service can be restored.

### CUSTOMER INQUIRIES

A customer may verify the accuracy of a bill by contacting our Customer Contact Center. Our representatives are trained to handle customer inquiries promptly. Please contact one of our representatives and state your complaint. If your complaint is not handled to your satisfaction, you may also appeal to the service representative's supervisor.

If you are still dissatisfied with the results of your complaint, you may contact the Idaho Public Utilities Commission at **1-208-334-0300** to pursue a formal complaint.

## YOUR TELEPHONE BILL

CenturyLink is proud of the service we provide nationwide to millions of customers everyday. Part of this service is insuring that our fees are clear, understandable and accurate.

### One bill for all your services

Your CenturyLink™ services are now consolidated into one easy-to-read bill. So, no matter what services or how many services you have with CenturyLink, you can easily manage those expenses. One payment, one company, one bill to serve you better.

*This is a representation of a current bill and may vary from your actual bill. If you have additional questions, please call our Customer Contact Center.*

(Bill format subject to change)

## Easy-to-read format

Your CenturyLink bill:

- Provides a consolidated, easy-to-follow review of your service fees.
- Individually breaks out each service to help you understand the charges.
- Shows important messages that affect your service.
- Indicates opportunities that can benefit you.

Everything you need in one easy-to-read format.

### 1. Account Name and Number

Your account name and number will appear at the top of each page.

### 2. Balance Information

A summary of your previous and current balances.

### 3. Account Summary

List of payments and credits to the account.

### 4. Current Charge Summary

Summary of charge information for any applicable services.

### 5. Essential Charges

Charges that must be paid in order to keep dialtone connected.

### 6. Amount Due

Total amount due for the month for all services.

### 7. Remittance Address

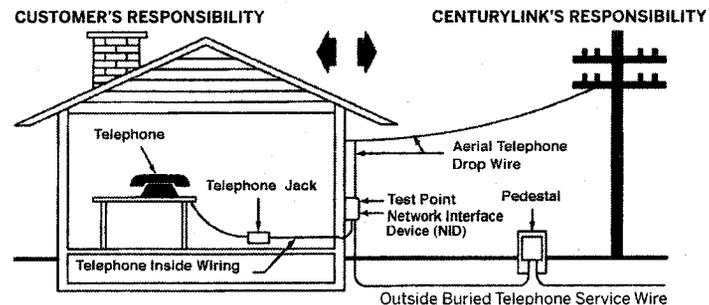

Payment should be mailed to this address.

### 8. Amount Due Date

Date current charges are due.

# Repair

## LOCATING THE PROBLEM

Telephone service problems can be caused by customer provided equipment (CPE), inside wiring, jacks, telephones, security systems, wireless accessories, modems and any other devices within your premises or the CenturyLink™ network. We encourage you to follow the troubleshooting tips before you call Repair Service to determine if the problem is the CPE in your premises or with the CenturyLink™ network outside your home.

If the problem is found to be in the CenturyLink™ network (outside lines, switches etc.), the repair is completed at no charge.

If the source of the problem is your CPE, a trip charge may be applied and billed to your account. A trip charge applies when CenturyLink dispatches a technician who travels, at your request, to your premises and finds the trouble to be in customer provided equipment. The trip charge is not a repair charge; it is a fee for travel time. Repair of the equipment or wiring is based on the length of time required to perform the repairs and the cost of materials used.

## SELF-CHECK/ TROUBLESHOOTING

Before contacting CenturyLink for repair, save time and avoid a trip charge by double-checking your CPE to pinpoint the problem and testing for dialtone at the test point located in the Network Interface Device (NID). This test point disconnects CPE from the CenturyLink™ network to allow testing directly with the telephone company.

### It's CenturyLink's responsibility if:

- There is no dialtone when testing at the Network Interface Device (NID).
- The problem still exists when testing at the NID.

### It's a customer's responsibility if:

- Testing at the NID indicates good, clear dialtone.
- A telephone works in one jack but not another.
- There is a loose or broken telephone jack.
- The push buttons are stuck.
- The cords are worn.
- The cord clips are broken.
- The receiver buttons are stuck.

## TESTING WITH THE NETWORK INTERFACE DEVICE (NID)

See the inside cover of the NID for step-by-

# Calling Instructions

## LOCAL CALLING

To make a local call you don't need to dial 1 + the area code. Simply dial the seven-digit telephone number. Calls can be made between the following exchanges without incurring long distance charges.

From	Local
Salmon 756	Salmon 756
Leadore 768	Leadore 768
North Fork 865	North Fork 865

## LONG DISTANCE CALLING

### DIRECT DIALING

Calls made without operator assistance are the most economical. Place the call by dialing 1 + the area code + the number and you will be charged the appropriate rate.

### OPERATOR ASSISTED CALLS

There is an additional charge for calls requiring operator assistance. These calls are more expensive than calling card calls or calls dialed directly from your home or office.

When away from home, you can choose the long-distance company you want to handle your operator-assisted calls. Many companies provide collect, person-to-person, third-number billed and credit card services. Their rates may vary. You may ask any operator for company identification and rate information before beginning your call.

### Person-to-Person Calls

Dial 0 + the area code + the number. Tell the operator you're making a person-to-person call to a specific person. You will be charged for the call when that specific person answers. You can place a person-to-person call when you call collect, use your calling

### Third Number Billing

Dial 0 + the area code + the number and tell the operator you want to charge your call to a third number. If you're calling from a public telephone, the operator will call the third number to make sure the charges will be accepted. The call will not go through if the operator cannot get approval.

### Collect Calls

Dial 0 + the area code + the number and tell the operator you are making a collect call. The operator will hang up when someone at the number you have called accepts the charges.

### BUSY LINE VERIFICATION

Some operator service providers offer busy line verification. There may be a charge for this service.

### TIME AND CHARGES REQUEST

Dial 0 + the area code + the long distance number and tell the operator you want time and charges. When you finish the call, a computerized voice will return to the line to tell you what you will be charged.

## CENTURYLINK™ CALLING CARDS

CenturyLink offers calling cards for a \$2.99 monthly administrative fee. You can enjoy the convenience of an 800 number that provides access to telephone service when you are away from home.

To place a call, dial the 800 access number noted on the front of your card. At the chime, enter your calling card number. You will then be prompted for the area code and number of the party you are calling.

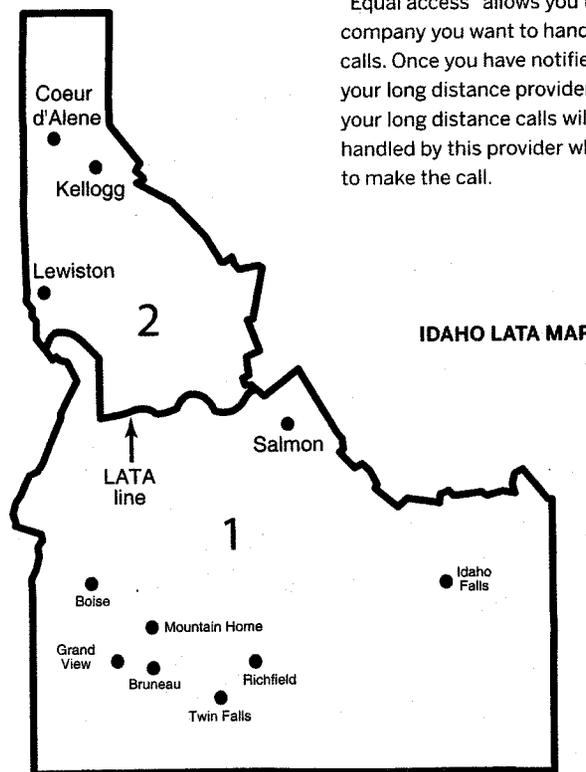

If your calling card is lost or stolen, call our Customer Contact Center immediately. The customer is responsible for all calls made on a calling card.

## SELECTING A LONG DISTANCE COMPANY

All telephone subscribers have the option to choose long distance companies for their 1+ calls.

IntraLATA long distance calls are calls that you place from your telephone to any community within your LATA that is not local (EAS.) InterLATA long distance calls are calls that you place from your telephone to any areas that are not considered local, EAS, or IntraLATA. Interstate calls are those that you place from your telephone to any location in another state. IntraLATA, InterLATA and interstate calls are long distance. The long distance company(ies) you have authorized will handle these calls.

"Equal access" allows you to choose the company you want to handle both types of calls. Once you have notified CenturyLink or your long distance provider of your choice, all your long distance calls will be automatically handled by this provider whenever you dial 1+ to make the call.

## Additional Services

### CALLING FEATURES AND SERVICES

CenturyLink offers a variety of optional calling services. You may subscribe to unlimited access to a particular feature for a low monthly rate; some features are also available for a per-use activation fee. For prices and availability of these and other services in your area, call our Customer Contact Center.

### CALLING FEATURES REFERENCE GUIDE

FEATURE	BILLED BY		CODES	
	MONTHLY FEE	OR PER-USE	ACTIVATE	DEACTIVATE
Caller ID	Yes	No	None	
Selective Call Blocking	Free	Free	*67	
Call Waiting	Yes	No	Switchhook	*70
3-Way Calling	Yes	No	Switchhook	
Busy Redial	Yes	Yes	*66	*86
Call Forwarding	Yes	No	*72	*73
Distinctive Ring	Yes	No	None

To use calling features when using a rotary dial telephone, dial 1-1 in place of the \* key.

Your Official Yellow Pages  
[www.centurylinkyellowpages.com](http://www.centurylinkyellowpages.com)

### CALLER ID

Find out who's calling before you answer the telephone. Caller ID displays the telephone number and/or name and number of the caller on a special display unit. This includes local and most long distance calls. Non-published or non-listed numbers will be displayed to subscribers of Caller ID Service, unless Selective Call Blocking is utilized.

### SELECTIVE CALL BLOCKING

If you do not wish to have your name or number displayed when you call others who subscribe to Caller ID, press \*67 before placing your call. It is necessary to repeat this procedure on each call you wish to make private. There is no charge for Selective Call Blocking service and nothing to order.

### CALL WAITING

Call Waiting alerts you to a second incoming call when you are on the telephone. You will hear a tone during a call and the person calling will hear normal ringing until you answer.

#### To use Call Waiting:

- When you hear the brief tone, press and release the switchhook on your telephone. The second call is on the line and the first call is on hold.
- To return to the first call or alternate between the two, quickly press and release the switchhook each time. Call Waiting does not enable you to speak to both parties at the same time.
- To cancel either call, simply hang up. When your telephone rings again, you will be connected with the person who is still on the line.

#### To cancel Call Waiting:

You can temporarily suspend Call Waiting service before you place a call. Before making your call, dial \*70, listen for three short tones, and then place your call. Call Waiting has been deactivated for the duration of this call. Call Waiting is restored once you hang up.

### CALL WAITING ID

This feature allows you to view the name and/or telephone number of a waiting call. The display on your telephone or Caller ID unit will display this information between the first and second Call Waiting tone that alerts you to another call coming in. With this service, you will know who the second caller is to help you decide how to respond to the Call Waiting tone.

### 3-WAY CALLING

3-Way Calling lets three people at different locations talk together at the same time, no matter who placed the first call.

#### To use 3-Way Calling:

- To bring the third party into the conversation, press and release the switchhook and you will receive a dialtone. Dial the number of the third party.
- If the third party does not answer or you receive a busy tone, press and release the switchhook twice and you will return to the original party.
- If the third party answers, you may consult with just the third party or you may press and release the switchhook and a conversation will be established between all three telephones.
- The first call will end when that person hangs up. The second call will end when you press and release the switchhook. Both calls will end when you hang up.
- To cancel Call Waiting during a 3-Way call, follow the instructions under Call Waiting.

### \*66 BUSY REDIAL

When you reach a busy number, use \*66 Busy Redial to monitor the number you called and ring you back when the line is available.

#### To use \*66 Busy Redial:

- Press and release the switchhook.
- Listen for a dialtone and press \*66.
- You will hear two normal ringing tones or an announcement. If the called number is still busy, a recording will tell you that your call is next in line.

continued

- Hang up. You will hear a short-short-long ring when the line is free. Your call will automatically be made when you lift the handset.

**To cancel \*66 Busy Redial:**

- Press \*86 and listen for a tone or an announcement.

### CALL FORWARDING

You'll always keep in touch when you're on the move by forwarding your calls wherever you go.

**To use Call Forwarding:**

- Press \*72 on your Touchtone telephone.
- When you hear a second dialtone, dial the number you wish your calls to be forwarded. Wait for an answer. If the line is busy, or no one answers, hang up and repeat steps one and two again. Two quick tones indicate Call Forwarding is in effect.
- Check that your calls will be forwarded by pressing \*72. A busy signal tells you Call Forwarding is in effect.

**To cancel Call Forwarding:**

- Press \*73. You will hear two quick tones which tells you calls are no longer being forwarded.

### Call Forwarding - Busy

When your telephone line is busy, your calls are permanently forwarded to a predesignated telephone number you select when you order the service. Press \*90 to activate, and listen for two brief tones to confirm your selection is on. Press \*91 to cancel.

### Call Forwarding - No Answer

Unanswered calls are permanently forwarded to a predesignated telephone number you select when you order the service. Your telephone rings about four times before the call is forwarded. Press \*92 to activate, and listen for two brief tones to confirm your selection is on. Press \*93 to cancel.

### Call Forwarding - Remote Access

Allows you to forward your telephone number to another number from a distant location. This is convenient if you are unable to forward your calls before leaving home but need to have your calls reach you at your new destination. Must have Call Forwarding.

**To use Call Forward - Remote Access:**

- Dial the access number for your area:

**756-0009**

You will hear a series of beeps followed by a dialtone.

- Dial your home telephone number (without area code) followed by the PIN.
- Wait for the dialtone, then enter \*72 and the forwarding telephone number. You can forward calls to local and long distance destinations. To forward to a long distance number, enter 1 + the area code + the number. You will be billed long distance charges on each call forwarded.
- Calls are forwarded. If an error was made during this process, you will hear, "Your call cannot be completed as dialed."

**To cancel Call Forward - Remote Access:**

- Dial the access number. Enter your home telephone number and the PIN.
- Listen for the dialtone, then press \*73 and hang up. When dialing from home press \*73.

### DISTINCTIVE RING

This feature, also known as Personal Ringing, can give you an additional telephone number with its own distinctive ring on your existing telephone line. You can have one number for yourself and the other for your children, roommate, fax machine or another you choose. The special ring will let you know who the call is for before the call is answered.

### \*69 CALL RETURN

Automatically dial the last number that called you. \*69 Call Return can be used to return a call whether you answered it or not, even if it was on Call Waiting. It is available as a pay-per-use feature in some areas, or for a low monthly charge.

**When you miss a call:**

Listen for a dialtone and press \*69 (1169 for rotary). A recording may provide additional instructions.

**To cancel (if line is busy):**

Listen for a dialtone and press \*89 (1189 for rotary).

### ANONYMOUS CALL REJECTION

Avoid calls from anyone who blocks their name and number from appearing on Caller ID. Blocked callers hear a message that instructs them to remove their blocking and call again. Press \*77 to activate and \*87 to cancel.

### \*63 SELECTIVE CALL FORWARDING

\*63 Selective Call Forwarding lets you choose which calls should be forwarded when you are away from your home or office. Only calls from numbers on your \*63 Selective Call Forwarding list will forward.

**To use Selective Call Forwarding:**

- Listen for a dialtone and press \*63.
- A recording will provide detailed instructions on how to turn \*63 Selective Call Forwarding on or off, and how to change or review your list.

### \*64 SELECTIVE CALL ACCEPTANCE

Avoid interruptions without missing important calls. Use \*64 Selective Call Acceptance to screen your calls and only allow certain numbers to ring through (up to 12 telephone numbers). Any callers not on your list will hear a recording saying you are not presently accepting calls.

**To use Selective Call Acceptance:**

- Listen for a dialtone and press \*64.
- A recording will provide detailed instructions on how to turn \*64 Selective Call Acceptance on or off, and how to change or review your list.

### \*60 SELECTIVE CALL REJECTION

Use \*60 Selective Call Rejection to avoid calls from specific numbers (up to 12 telephone numbers). Blocked callers hear a message that says you are not presently accepting calls.

**To use Selective Call Rejection:**

- Listen for a dialtone and press \*60.
- Listen to recorded instructions for blocking options. The telephone numbers you enter on your "blocked" list will be repeated to you.
- The number of the last person who called you may be added to your "blocked" list even if you do not know the number (follow recorded instructions).

### WARM LINE

Warm Line, also known as Direct Line, provides automatic dialing to a predetermined number just by taking the telephone off the hook for a certain amount of time. It's an ideal service for elderly or disabled individuals. Order Direct Line from CenturyLink and enjoy peace of mind.

### SPEED CALL (8 OR 30)

Speed Call (8-30) allows you to create a list of telephone numbers that can be called by using a one or two-digit code.

**To create your Speed Call list:**

- Assign a code to each of the telephone numbers.
- Listen for a dialtone and press \*74 for Speed Call 8 or listen for a dialtone and press \*74 for Speed Call 30.
- Wait for a second dialtone, then dial the code you want to assign and the telephone number you want the code to represent.
- Listen for two brief tones to confirm that your number has been accepted; hang up or wait for a dialtone.

- Repeat steps 2 through 4 to add each number to your Speed Call list or to change an existing number.

**For Speed Call 8, assign a one-digit code (2-9).**

- Example: 2 (code) 555-1234 (telephone number) or 2 (code) 1-123-555-1234 (long distance number).

**For Speed Call 30, assign a two-digit code (20-49).**

- Example: 20 (code) 555-1234 (telephone number) or 20 (code) 1-123-555-1234 (long distance number).

**To call a number on your Speed Call List:**

- Dial the assigned code for the number you want to call, then press the #key.
- The number will be dialed for you after a short pause.

**CALL TRACE**

Call Trace allows you to automatically request a trace of an obscene, threatening or harassing call.

**To use Call Trace:**

- Hang up after receiving the annoying call.
- Lift the handset and listen for a dialtone.
- Press \*57, then listen for a tone or an announcement.

After requesting a Call Trace, you should contact local authorities if you want the call to be investigated further. Please call before the end of the next business day.

For more information call **1-800-201-4099**.

**Note:**

- If a Call Waiting tone is received during a call that is to be traced, tracing will occur on the Call Waiting call rather than the original calling number.

**CENTURYLINK™ LONG DISTANCE SERVICE**

CenturyLink™ Long Distance Service takes the confusion out of long distance. Our competitive pricing plans eliminate hidden catches and minimums. We offer simple flat rates or discounted calling plans, toll-free numbers and calling cards.

Choosing CenturyLink™ Long Distance also means convenient billing. Your local telephone service and long distance calls appear on the same bill.

**CENTURYLINK™ HIGH-SPEED INTERNET**

Think fast. Think CenturyLink™ High-Speed Internet and get everything you want online, Faster. With CenturyLink™ you get a private, direct connection to our network that is 100% yours 100% of the time. E-mail, surf the Web, play your favorite games and watch a movie; you can do it all at once with CenturyLink™ High-Speed Internet. Plans are available for both residential and business customers offering different levels of speed to meet your specific needs.

**DIGITAL TELEVISION**

With Digital Television, you can get all the choices you like in clear 100% digital picture and sound. CenturyLink supports the latest television technology – High Definition programming. CenturyLink™ Digital Television has something for everyone in your family. Please call our Customer Contact Center or visit us on the Internet at [www.centurylink.com/residential/entertainment/](http://www.centurylink.com/residential/entertainment/) for more information and availability.

**VOICE MAIL**

With Voice Mail from CenturyLink, you'll always get your messages, when you are on the phone, online, even during a power outage. There's no need for an answering machine because Voice Mail handles your calls 24 hours a day. With Voice Mail, friends, relatives, business associates or anyone calling you will never get a busy signal.

Voice Mail is easy to use because it walks you through the system each time you use it. There's never any guess work for you or your callers.

Voice Mail can also be a valuable business tool. To find out more about special Voice Mail applications that can enhance the productivity of your business, call a customer service representative at **1-800-201-4102**.

**How to Set up Your Mailbox**

A standard greeting starts working as soon as you subscribe and will answer calls and store messages for you. However, you will need to initialize your mailbox to personalize the greeting and decide on your four-to ten-digit pass code in advance.

Dial the Voice Mail system access number.

**Salmon, Carmen, Baker, Tendoy,  
Leadore, Lemhi, North Fork,  
and Gibbonsville.....756-1088**

If calling from another telephone, press the # key and enter your mailbox number. If calling from another telephone that has CenturyLink™ Voice Mail, press the \* key and enter your mailbox number.

The system will answer and prompt you for your password. Enter your temporary password – 2368879 (Century) and listen to the voice commands as they prompt you through the system. Follow the prompts to set up your personal greeting and password.

**How to Retrieve Messages**

A "stuttered" dialtone and/or message indicator light on your telephone or Caller ID box can be

used to prompt you to know the system has a recorded message for you to review. This stuttered dialtone does not disrupt your telephone service; you can still make or receive calls even when you hear the stuttered dialtone. The stuttered dialtone will be replaced by a regular dialtone after you have saved, deleted or forwarded your messages.

**To retrieve your message from your home telephone,** dial the system access number. The system will prompt you for your password.

**To access your mailbox from a remote location,** dial the system access number. You will be prompted for your mailbox number and password. You may also dial your telephone number. As soon as the greeting begins, press 2. Then enter your password. Press 1-1 to listen to your messages first and then saved message. After listening to your messages, press 9 to save the message, 7 to erase the message and 4 to replay the message.

**When listening to your message, you may:**

- Press 1 to rewind the message for 10 seconds.
- Press 1-1 to rewind to the beginning of the message.
- Press 2 to pause (and then restart) the message.
- Press 3 to fast forward or advance the message by 10 seconds.
- Press 4 to slow down the message.
- Press 5 to access the date and time of the message.
- Press 6 to speed up the message.
- Press 8 for normal volume.
- Press 9 for louder volume.
- Press # to skip a message.
- Press ## to skip all saved messages.
- Press \* to go back to the previous menu.
- Press \* to stop reviewing messages.

## Business Services

### INTEGRATED SOLUTIONS

CenturyLink has solutions to meet all your business communications needs. With our integrated solutions we can create a customized, cost-effective communications package for all your business. You'll save time, money, and have the convenience of one company and one bill.

### VOICE SOLUTIONS

Our local and long distance services have a host of powerful call features to add value to your important connections to help your business operate at peak productivity.

**Local.** Connect with your customers, suppliers, and industry contacts with dependable, high-quality service.

**Long Distance.** CenturyLink gives you a variety of affordable rate plans to suit your business needs. From basic 1+ direct dial, toll-free and dedicated long distance lines, to calling card and account codes to help you control access and manage your costs. Our solutions help you connect within your state, across the country, and around the world.

**Call Features.** Improve your business productivity and efficiency with Voice mail, Caller ID, Call Waiting, 3-Way Calling, Speed Call, \*66 Busy Redial, \*69 Call Return, Call Forwarding, VIP Alert, Distinctive Ring, and more.

**Centrex Service.** A reliable, multi-line service with flexible features that can grow with your business, one line at a time. CenturyLink owns, maintains, and monitors the central office based equipment so there's no capital investment. You get the convenience of an easy-to-use, direct dial service.

**Key System.** A fully digital platform that brings together all your communications— fax, email, computer, and telephone. Let us help you choose from a range of cost-effective solutions, all with scalable applications and options to grow with your business.

**PBX System.** A custom-built, private exchange at your business location. Flexible, easily expandable, and designed to meet your specific needs, ideal for businesses with high volume call traffic, who need call accounting, voice mail, unified messaging, and a host of other features.

### DATA SOLUTIONS

CenturyLink provides hardware and software solutions with complete design, installation, configuration, wiring, and maintenance service for your data needs.

**Frame Relay.** Secure, virtually error-free digital transmission to support your high volume network data and video needs. Choose the speed that fits your business— from 56 Kbps to 45 Mbps—scaled to connect from 2 to 2000 locations worldwide.

**High Speed Private Line.** Transmit data or voice communications between two locations with optimum security.

**LAN/WAN.** Interconnect your computers, printers, servers, and other equipment within a single location or create a dedicated secure network to interconnect multiple locations.

### INTERNET/WEB SOLUTIONS

CenturyLink keeps your business connected online to reach customers, suppliers, and stay up-to-date with important industry news and information.

**Dial-up.** Affordable, reliable service from a name you trust. More than 4000 local dial-up numbers around the world let you connect to the Internet without long distance charges.

**High-Speed Internet.** Transmit voice and data over a single, high-speed phone line. More secure than cable, no waiting to dial, no busy signals, and instant-on connection. Ideal for telecommuting, video conferencing, Internet, fax capability, and graphic-rich Web sites. CenturyLink™ High-Speed Internet gives you increased bandwidth with high priority transmission, ideal for businesses with large data, Web, and mail server needs.

**Dedicated Access Line.** The fastest speed and performance that's synchronous, so you'll get the same fast response going upstream and downstream. Ideal for businesses with large volumes of voice and data.

### E-Commerce, Web Site Design & Hosting.

Expand your business sales and customer reach with CenturyLink's™ custom Web site design and maintenance services.

## Customer Rights and Responsibilities

### ESSENTIAL AND ADVANCED SERVICES

As your local telephone company, CenturyLink provides basic and essential telecommunication services as well as enhanced products and services to its customers throughout our serving areas.

Among the essential services are single party service with Touchtone dialing, unlimited calling within the local calling area, access to 9-1-1 or other emergency call centers, and directory and operator assistance. In addition, these essential services include connection to the long distance carrier of your choice and long distance blocking if you prefer. Basic rates include a monthly service fee, a federal subscriber line charge and a federal universal service fee. The flat rate monthly service fees range from \$13.75 to \$25.25 for residential customers and from \$31.77 to \$43.27 for business customers. Services provided through connection to a long distance carrier or operator and directory assistance may result in additional charges.

CenturyLink also offers a variety of optional calling products and services to meet your personal or business needs. Call our Customer Contact Center for prices and availability of these services in your area.

### TELEPHONE ASSISTANCE PROGRAMS

CenturyLink participates in a program to make residential telephone service more affordable to eligible low-income individuals and families. This program, established by the Idaho Public Utilities Commission and in conjunction with the Federal Communications Commission, offers discounted basic local service to qualified customers. Eligible customers will receive discounted monthly service charges and a one-time reduction of installation charges for initial telephone service. In addition, service deposits are generally waived for customers electing to place toll restriction on their lines. Monthly

charges for toll restriction will be waived for customers requesting to have that restriction on their account.

### Who is Eligible for Telephone Assistance?

You may be eligible for these telephone assistance programs if you meet the criteria based on factors directly related to income established by the Department of Health and Welfare.

Only one Lifeline discount is allowed per household. This restriction applies to all phones in the household, including landline and wireless.

Residents who live on or near a federally recognized reservation may qualify for additional Tribal benefits if they participate in certain additional programs.

If you have questions or believe you may qualify for these benefits, please call your CenturyLink Residential Customer Service Representative.

### IDAHO RELAY SERVICE

The Idaho Relay is a telecommunications service providing full telephone accessibility to people who are deaf, hearing or speech impaired. This service relays calls between a person using a TTY (teletypewriter) and any other telephone user. This service also allows a person without a TTY to call a TTY user. Trained personnel complete all calls and stay on-line to relay messages electronically over the TTY or verbally to hearing parties. This service is provided free of charge in your local calling area; however, long distance rates will apply and are determined by your long distance carrier.

The relay allows you to place and receive calls to and from anywhere in the world, 24 hours a day, 365 days a year, using English or Spanish. This service will also relay TTY calls to directory assistance. After obtaining the number, the caller may choose to place the call through Idaho Relay or dial it directly TTY to TTY.

### SERVICES FOR THE DISABLED

If you are disabled or know someone who has a physical disability causing telephone hardship, CenturyLink can help. For more information about special equipment for the disabled, call our Customer Contact Center.

### HARASSMENT CALLS

It is against the law to make threatening, obscene or nuisance calls. Should you be the victim of a threatening call, report it immediately to the police. If you do receive obscene or nuisance calls and have identified them as such, follow these suggestions:

- Hang up.
- DO NOT provide any information about yourself.
- Advise your children to do the same.

If the calls continue, contact the police and a CenturyLink representative for advice. Often, changing your number will resolve the problem. (If available in your area, utilize Call Trace to report their number to the police. A charge may apply for this service.)

### TELEMARKETING CALLS

Avoid the frustration sometimes associated with telemarketing calls by following these five steps:

- Find out who is calling: always secure the name of the company and individual with whom you are speaking.

the caller is offering, request that information be sent to you via mail. Specify that you are not agreeing to purchase anything, but would like to review the information in writing.

- If you are not interested, politely interrupt the caller and end the conversation.
- If you are sure you do not wish to receive future solicitations from that company, ask to be removed from the company's list.
- DO NOT GIVE YOUR CREDIT CARD NUMBER unless you are certain the call is legitimate.

### 900/976 NUMBER BILLING

This statement explains your billing error rights with respect to telephone-billed purchases made using interstate 900/976 pay-per-call services that are billed to you through CenturyLink. This information is provided under the Federal Telephone Disclosure and Dispute Resolution Act.

This is the procedure that you must follow to notify CenturyLink of a billing error and the steps that either CenturyLink or the long distance company must take in response to your notice. You may provide notice of a billing error to CenturyLink by telephone or in writing.

If you write, you should:

- Give us your name or the customer's name, and telephone number to which the charge was billed;
- Tell us the date and amount of the error, and the type of error you believe occurred; and
- Tell us why you believe it was an error.

You should contact CenturyLink first, since we have an agreement to receive billing error notifications from customers. You may provide a notice to the long distance company instead, and it may ask you to contact us directly, and provide to you our name, mailing address, and business telephone number, even if it also sent your billing error notice to us.

### For billing error claims regarding 900/976 service charges:

Call the number on your bill listed with the 900/976 charges within 60 days of receiving the bill.

- Payment of disputed 900/976 service charges is not required during the review period.

Written acknowledgement of your dispute must be provided to you within 40 days of receiving your notice if:

- The error has not been corrected or
- The billing review is not completed.

The billing review must be completed within 90 days and:

- An explanation must be provided to you if the bill was correct or
- You should receive a written notice of the amount you owe and the payment due date. If you fail to pay the amount that you owe, you may be reported as delinquent, but
- The name and address of any party to which you were reported for delinquency must be provided to you.
- If you do not agree with the explanation and if you so give notice before the payment due date, any delinquent report must state that you dispute the claim.
- Any party receiving the delinquent report must also be advised in writing when the matter is settled.

If these rules are not followed, the first \$50.00 for each 900/976 service charge in question cannot be collected even if your bill was correct.

The Interexchange Carrier or Information Provider may pursue collection of unpaid 900/976 charges through an independent collection action.

Nonpayment of 900/976 service charges or charges for similar types of service will not result in disconnection of your local or long distance service. However, access to 900/976 numbers may be blocked for nonpayment of legitimate charges.

You should not be billed for 900/976 services that are not offered in compliance with federal laws and regulations.

You may obtain blocking of 900/976 services at no charge by calling your CenturyLink Customer Contact Center at the number listed on your telephone bill.

### PURCHASE OF GOODS AND SERVICES BY TELEPHONE

You have important rights under the Idaho Telephone Solicitation Act. Under this Act it is illegal for persons attempting to sell you goods or services by telephone (telephone solicitors):

- To intimidate or harass you in connection with the attempted sale.
- To refuse to hang up and free your telephone line immediately once you request them to do so.
- To misstate the price, quality, or availability of goods or services, or to fail to reveal all material terms relating to the sale of goods or services.
- To advertise, represent or imply that they have the endorsement of any government office or agency when they do not.
- To advertise, represent or imply that they have a valid registration number with the Attorney General when they do not.
- To use any unfair method of competition or unfair or deceptive practice.

Any person not yet 18 years old who purchases goods or services pursuant to a telephone solicitation may cancel the purchase within a reasonable time after the purchase is made. No parent or legal guardian having custody of a person not yet 18 years old is liable for the purchase of goods or services by a person not yet 18 years old pursuant to telephone solicitation.

When you agree to purchase goods or services over the telephone, you may have a right to reconsider and cancel your agreement for three business days after receiving a written confirmation of the sale.

A person whose rights are violated by telephone solicitors may have the right to declare a contract of purchase null and void or invoke other remedies under the Idaho Consumer Protection Act.

If you believe that a telephone solicitor has done any unlawful acts, you may contact the Attorney General's office for assistance and information at 1-800-432-3545 or 208-334-2424 (Boise area).

You may place your telephone number on the **National Do Not Call Registry** by calling 1-888-382-1222, (TTY 1-866-290-4236) or online at WWW.DONOTCALL.GOV.

## Community Spotlight

Salmon, Idaho is located on the Salmon River at the foot of the beautiful Beaverhead mountain range. Set right in central Idaho, this is where you truly can get away from it all. During your stay you'll find great shopping, natural retreats and a small-town, friendly atmosphere.

Salmon also has great historical significance. The area is an important point on the Lewis and Clark Trail and the birthplace of Sacajawea. On their trek to California, the Lewis and Clark party left the Missouri River in Montana, and met Sacajawea's brother in the Beaverhead Mountains. They proceeded down into the Lemhi and Salmon Valleys in search of the Salmon River, hoping to continue on that waterway to the ocean. They soon changed their minds about the Salmon River and gave it the name "The River of No Return." They then set off over Lost Trail Pass and headed north into the coming winter of Montana.

Salmon's River of No Return became famous for the movie of the same name. The movie starred Marilyn Monroe and was filmed on location on the river.

Residents and visitors enjoy river rafting, kayaking, downhill and cross-country skiing, snowmobiling, mountain biking, hiking, hunting and fishing. History buffs enjoy a little-known treat in Salmon, the Lemhi Museum.

Whether you're visiting Salmon for the first time or you've been here for years, you'll certainly see why those who call it home never want to leave.

## Sacajawea Center

**THE SACAJAWEA INTERPRETIVE,  
 CULTURAL & EDUCATIONAL CENTER**  
 60 Highway 28 S. (Physical address)  
 200 Main Street, Salmon (Mailing address)  
**756-1188**  
[www.sacajaweacenter.org](http://www.sacajaweacenter.org)

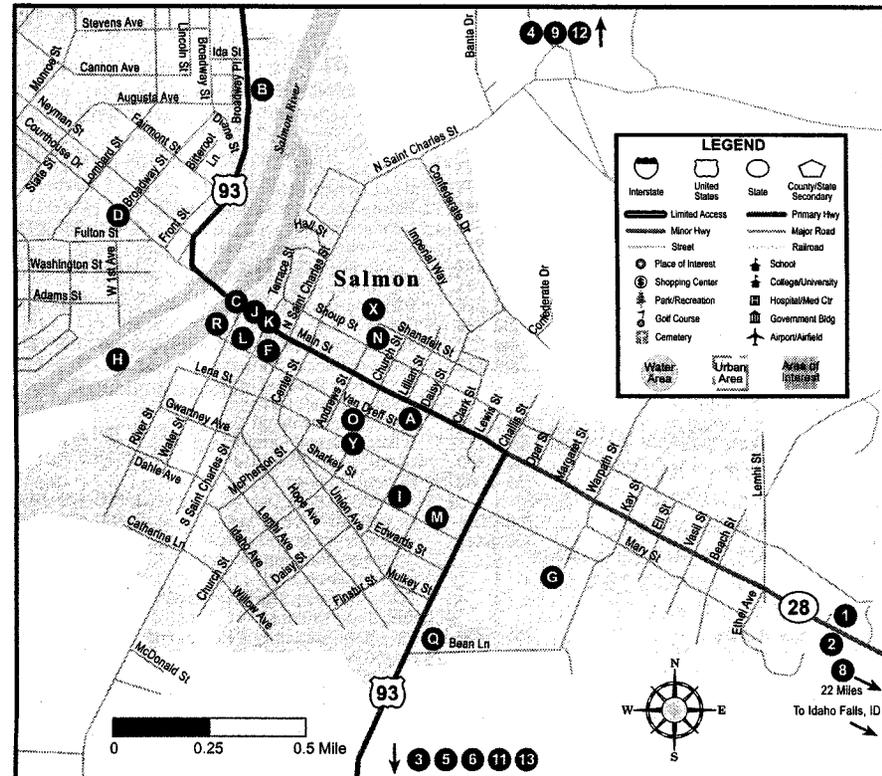

The Sacajawea Interpretive, Cultural & Educational Center is dedicated to honoring and providing education about America's great historical heroine, Sacajawea, an Agai Dika Lemhi Shoshone, and her role in the Corps of Discovery. Cradled in the Lemhi River Valley between the Salmon River and the Beaverhead Mountains, the Center lies in the heart of Sacajawea's homeland. The 71-acre park is located just two miles east of downtown Salmon, Idaho.

## Notes to Separated Results of Idaho Operations

- 1 Local service revenue is separated between billed (accrued) and EAS net settlements. The EAS billed amount represents EAS surcharges and measured EAS services. The EAS net settlements amount equals the contracted amount of EAS settlement payments to the independents. Note: EAS settlement expense is recorded in expense account 6728. Some portion of local billing is assigned to the interstate jurisdiction. See FCC Part 36.212.
- 2 Account 508X is for access charges. Split the account between customer access line charges (CALC), switched and special.
- 3 Account 51XX applies to interstate and intrastate billed toll.
  - a. The intraLATA gross billed toll should equal the billed toll combined.
  - b. The private line amount should equal the ITC's private line toll.
  - c. The settlement amount is the operator surcharge revenues billed and retained by the ITCs and recorded as a debit to 5100 MTS Toll Revenue accounts.
- 4 Accounts 5270 and 5280 cover billing and collection access revenues for interstate and intrastate respectively.
- 5 Summary and Detail accounts:
  - a. Operating Expenses - The summary (page 1) should agree with the details (pages 5 and 6).
  - b. Telecom Plant in Service - The summary (page 2) should agree with the totals (page 3).
  - c. Depreciation & Amortization Reserves - The summaries (page 2) should agree with the totals (page 4).
- 6 Details of general taxes and the computation of state and federal income taxes are found on page 7.
- 7 The Equal Access Equipment is determined as defined in FCC Part 36.191.
- 8 Account 6511 Property Held for Future Use Expenses and Account 6562 Amortization Expenses Associated with Property Held for Future Use are not "above-the-line" items in Idaho.

Notes to Separated Results of Idaho Operations  
(Continued)

- 9 Account 6540 includes access charges and B & C expenses paid to LECs. See FCC Part 36.354. Carrier access charge B & C expenses in account 6623 are expenses associated with the billing and collecting of access charges to interexchange carriers. See FCC Part 36.381.
- 10 Equal Access Provision expenses are determined as defined in FCC Part 36.421.
- 11 Universal Service Fund expenses adjustment is determined as defined in FCC Part 36.631. The expense adjustment is added to interstate expenses and deducted from state expenses. The effect is zero on total Idaho operations.
- 12 Lifeline Connection Assistance expense adjustment is determined as defined in FCC Part 36.741. The expense adjustment is added to interstate expenses and deducted from state expenses. The effect is zero on total Idaho operation.
- 13 Line 7 = revenues - expenses - general taxes (excluding SIT).
- 14 Line 9 is the basis for all income tax separations. See FCC Part 36.412.
- 15 Line 10 = SIT Base Miscellaneous Adds and Deducts. This may be obtained from tax workpapers or, if multi-state operation, backed into by dividing the current SIT by .08 then subtracting line 9. If the "backed into" approach is used, make sure prior year adjustments are first removed from current SIT.
- 16 Current SIT should reflect the removal of all prior period adjustments.
- 17 Line 13 = FIT Base Miscellaneous Adds and Deducts. This may be obtained from tax workpapers or backed into by taking the current FIT plus claimed ITC, dividing the effective FIT rate and then subtracting line 12 and line 9. If the "backed into" approach is used, make sure prior year adjustments are first removed from current FIT.
- 18 Current FIT should reflect the removal of all prior period adjustments.

Notes to Separated Results of Idaho Operations  
(Continued)

- 19 Separation Parameters drive the allocation of certain plant and expense costs to operation and services. The parameters are designed to perform validity tests on separation studies and provide a basis to forecast future test year separations. All parameters reflect study area annual totals.
- 20 Current Composite SPF - It represents a composite of the pre and post-conversion SPF for those companies involved in toll route conversions to EAS during the year.
- 21 COE Cat 3 - See FCC Part 36.125 and PUC Order 93-1133, Appendix A.
- 22 Exchange Trunk MOU - See FCC Part 36.155.
- 23 Host/Remote MOU Kilometers - See FCC Part 36.157.
- 24 Equal Access MOU - See FCC Part 36.191.
- 25 Operator Standard Work Seconds - Used to separate operator services expenses if different from those used for COE Cat. 1 plant.
- 26 Tandem Switching MOU - See FCC Part 36.124.
- 27 Unseparated Loop Cost - See FCC Part 36.621.
- 28 Gross Billed Revenues are defined differently for the following expenses:
  - a. Marketing - See FCC Part 36.372
  - b. Payment and Collection, End User - See FCC Part 36.377(a)(2).
  - c. Payment and Collection, CXR - See FCC Part 36.377(a)(5).
- 29 Service Order Contacts:
  - a. Service Order Processing, End User - See FCC Part 36.377(a)(1).
  - b. Service Order Processing, CXR - See FCC Part 36.377(a)(4).

Notes to Separated Results of Idaho Operations  
(Continued)

30 Billing Inquiry Contacts:

- a. Billing Inquiry, End User - See FCC Part 36.377(a)(3).
- b. Billing Inquiry, CXR - See FCC Part 36.377(a)(6).

31 SP and RC Messaging - These messages are used to separate Account 6623, Revenue Accounting - Toll Ticket Processing expenses - See FCC Part 36.379.

32 Big Three Expense Facto - See FCC Part 36.392.
