SERVICE SATISFACTION

A CenturyLink customer service representative will be happy to assist you with any problems you may have with regard to our services. If a representative is unable to solve your problem, you may ask a supervisor for assistance. You may also write to:

CenturyLink
Quality Assurance Department
P.O. Box 4918

Installation and Service

REQUESTING SERVICE

Follow these simple steps when you need to order, change or stop your telephone service. Call our Customer Contact Center and speak with a customer service representative. Please be prepared to provide the following information:

- your full legal name
- your street address
- employment and credit information (see next column)
- types of services you want
- your choice of long distance company
- information regarding your previous telephone number
- how you want your name to appear in the directory

COSTS TO BEGIN SERVICE

A one-time fee is charged to install or change your service. The use of telephone service for business purposes automatically subjects that service to business rates regardless of the type of premises where the telephone is installed. An advance payment or deposit may also be required.

If you need inside wiring or jacks, you have three options:

- You can have CenturyLink do the work at the cost of time and materials. Call our Customer Contact Center for a cost estimate.
- You can hire an independent contractor to do the work.
- You can do the work yourself.

ESTABLISHING CREDIT

If you are a new customer with CenturyLink, you may be asked for an advance payment or deposit to establish service. Customers requesting business telephone service may be required to demonstrate satisfactory credit that is appropriate for the service requested. Deposits are based on local service and long distance charges. Any residential customer who furnishes a guarantor is not required to pay a deposit. Any CenturyLink residential customer with 12 months good credit qualifies as a guarantor. Your deposit will be refunded with

are paid on time. If service is discontinued during this time, the deposit and interest will be applied to your final bill. Interest rates are set periodically by the Idaho Public Utilities Commission.

INSIDE WIRE MAINTENANCE PLAN

CenturyLink's™ optional inside wire maintenance plan for residential and small business customers includes the diagnosis, repair and/or replacement of inside wiring and/or jacks. There is a small monthly charge for the inside wire maintenance plan.

Exclusions and Conditions

- Damage to wiring and/or jacks due to natural disaster or acts of God;
- Customer negligence, excessive abuse and/or additional wiring placed by the customer, which does not meet company standards;
- Repair of defective telephone cords, phones or equipment such as fax machines, answering machines or computers;
- Recreational vehicles, and other temporary or moveable structures are not covered;
- Lines terminating to a Key/PBX, ISDN lines or other non-basic lines;
- The following may not be covered: Leased commercial facilities, multi-dwelling units (apartment buildings, nursing homes, etc.) The Telephone Company will provide maintenance to the protector at these locations. It may be the responsibility of the management of these facilities to monitor and notify each tenant of this policy;
- If you subscribe to more than one line, you must subscribe to the inside wire maintenance plan on all lines in order for them to be covered.

TELEPHONE PROTECTION PLAN (TPP)

Our Telephone Protection Plan provides coverage for all of your eligible home telephones and Caller ID units against mechanical or electrical failure due to normal wear and tear or power surge. If your phone becomes inoperable for one of these reasons, you only make one toll free call to file a replacement request and a replacement phone is sent to you immediately for all covered requests. The process is convenient and easy.

Billing

BILLING INQUIRIES

If you have questions about your CenturyLink bill, please call our Customer Contact Center. For questions about long distance charges, please see your CenturyLink bill. For your convenience a list of telephone numbers for each long distance company is provided.

PAYING YOUR BILL

For your convenience, a return envelope is included with each monthly bill. Detach the bottom portion of your bill and return with your payment. Write your telephone number on the check or money order. If the return envelope is not available, mail your payment to:

CenturyLink
P.O. Box 4300
Carol Stream, IL 60197-4300

PAYING YOUR BILL AUTOMATICALLY

CenturyLink offers convenient ways to automatically pay your telephone bill each month.

My Account. Manage your account by logging on to www.centurylink.com free of charge. View summaries, check details and pay your bills online. You can even review your last three bills online without waiting for traditional printing and mailing.

Credit Card Payments. CenturyLink accepts **VISA®, MasterCard®, Discover®, and American Express®** for payment of telephone bills and other special services. Simply enroll in the credit card payment plan and CenturyLink will debit telephone expenses from your credit card on a monthly basis. Customers who choose this plan will still receive a statement of telephone charges each month.

ConnectCheck Plan. Simply tell us which bank or credit union checking account you would like to use to pay your telephone bill. Each month, CenturyLink's accounting department will debit your designated account for the amount of your bill. You will still receive a statement each month. For more information about these convenient options, call **1-800-201-4099**.

BILLING PROCEDURES

Monthly charges for telephone services are billed one month in advance and long distance calls are billed after you make them.

The payment due date, printed on the front page of your bill, is the date by which CenturyLink should receive your payment. Your bill is considered past due if your payment is not received by this date. If payment is not received by the due date, your service could be subject to disconnection. If your payment will not reach us by that date, call the Customer Contact Center to discuss payment alternatives.

If your service is disconnected for non-payment, contact a customer service representative. Payment of the past due balance, a reconnect fee, and a deposit, if applicable, will be required before service can be restored.

CUSTOMER INQUIRIES

A customer may verify the accuracy of a bill by contacting our Customer Contact Center. Our representatives are trained to handle customer inquiries promptly. Please contact one of our representatives and state your complaint. If your complaint is not handled to your satisfaction, you may also appeal to the service representative's supervisor.

If you are still dissatisfied with the results of your complaint, you may contact the Idaho Public Utilities Commission at **1-208-334-0300** to pursue a formal complaint.

Customers in Nevada may contact the Public Utilities Commission of Nevada at **1-800-992-0900**.

LONG DISTANCE CALLING

DIRECT DIALING

Calls made without operator assistance are the most economical. Place the call by dialing 1 + the area code + the number and you will be charged the appropriate rate.

OPERATOR ASSISTED CALLS

There is an additional charge for calls requiring operator assistance. These calls are more expensive than calling card calls or calls dialed directly from your home or office.

When away from home, you can choose the long-distance company you want to handle your operator-assisted calls. Many companies provide collect, person-to-person, third-number billed and credit card services. Their rates may vary. You may ask any operator for company identification and rate information before beginning your call.

Person-to-Person Calls

Dial 0 + the area code + the number. Tell the operator you're making a person-to-person call to a specific person. You will be charged for the call when that specific person answers. You can place a person-to-person call when you call collect, use your calling card, or charge your call to a third number.

Third Number Billing

Dial 0 + the area code + the number and tell the operator you want to charge your call to a third number. If you're calling from a public telephone, the operator will call the third number to make sure the charges will be accepted. The call will not go through if the operator cannot get approval.

Collect Calls

Dial 0 + the area code + the number and tell the operator you are making a collect call. The operator will hang up when someone at the number you have called accepts the charges.

BUSY LINE VERIFICATION

Some operator service providers offer busy line verification. There may be a charge for this service.

TIME AND CHARGES REQUEST

Dial 0 + the area code + the long distance number and tell the operator you want time and charges. When you finish the call, a computerized voice will return to the line to tell you what you will be charged.

CENTURYLINK™ CALLING CARDS

CenturyLink offers calling cards for a \$2.99 monthly administrative fee. You can enjoy the convenience of an 800 number that provides access to telephone service when you are away from home.

To place a call, dial the 800 access number noted on the front of your card. At the chime, enter your calling card number. You will then be prompted for the area code and number of the party you are calling.

If your calling card is lost or stolen, call our Customer Contact Center immediately. The customer is responsible for all calls made on a calling card.

How to Reach Other Local Telephone Service Providers

Eitopia Communications 1-866-358-6742

LONG DISTANCE CALLING

SELECTING A LONG DISTANCE COMPANY

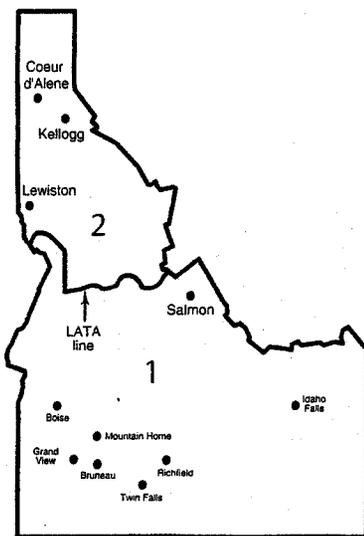

All telephone subscribers have the option to choose long distance companies for their 1+ calls.

IntraLATA long distance calls are calls that you place from your telephone to any community within your LATA that is not local (EAS.) InterLATA long distance calls are calls that you place from your telephone to any areas that are not considered local, EAS, or IntraLATA. Interstate calls are those that you

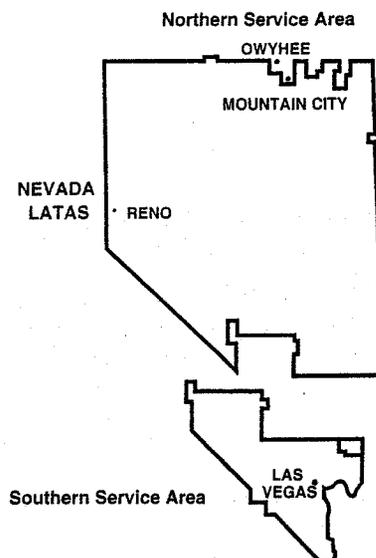

place from your telephone to any location in another state. IntraLATA, InterLATA and interstate calls are long distance. The long distance company(ies) you have authorized will handle these calls.

"Equal access" allows you to choose the company you want to handle both types of calls. Once you have notified CenturyLink or your long distance provider of your choice, all your long distance calls will be automatically handled by this provider whenever you dial 1+ to make the call.

IDAHO LATA MAP

NEVADA LATA MAP

Refer to the LATA maps - If you call within your LATA, your call will be billed by your intraLATA long distance carrier. If you call out of your LATA, you will be billed by the interLATA carrier you have chosen to handle your long distance calls.

Additional Services

CALLING FEATURES AND SERVICES

CenturyLink offers a variety of optional calling services. You may subscribe to unlimited access to a particular feature for a low monthly rate; some features are also available for a per-use activation fee. For prices and availability of these and other services in your area, call our Customer Contact Center.

To use calling features when using a rotary dial telephone, dial 1-1 in place of the * key.

CALLER ID

Find out who's calling before you answer the telephone. Caller ID displays the telephone number and/or name and number of the caller on a special display unit. This includes local and

most long distance calls. Non-published or non-listed numbers will be displayed to subscribers of Caller ID Service, unless Selective Call Blocking is utilized.

CALLER ID-PER CALL BLOCKING

If you do not wish to have your name or number displayed when you call others who subscribe to Caller ID, press *67 before placing your call. It is necessary to repeat this procedure on each call you wish to make private. There is no charge for Caller ID-Per Call Blocking service and nothing to order.

CALL WAITING

Call Waiting alerts you to a second incoming call when you are on the telephone. You will hear a tone during a call and the person calling will hear normal ringing until you answer.

To use Call Waiting:

- When you hear the brief tone, press and release the switchhook on your telephone. The second call is on the line and the first call is on hold.
- To return to the first call or alternate between the two, press and release the switchhook each time. Call Waiting does not enable you to speak to both parties at the same time.
- To cancel either call, simply hang up. When your telephone rings again, you will be connected with the person who is still on the line.

To cancel Call Waiting:

You can temporarily suspend Call Waiting service before you place a call. Before making your call, press *70 and then place your call. (On rotary dial telephones dial 70 and wait four seconds.) Call Waiting has been deactivated for the duration of this call. Call Waiting is restored once you hang up.

CALL WAITING ID

This feature allows you to view the name and/or telephone number of a waiting call. The display on your telephone or Caller ID unit will display this information between the first and second Call Waiting tone that alerts you to another call coming in. With this service, you will know who the second caller is to help you decide how to respond to the Call Waiting tone.

3-WAY CALLING

3-Way Calling lets three people at different telephone numbers talk together at the same time, no matter who placed the first call.

To use 3-Way Calling:

- With the first person on the line, press and release the switchhook to put the call on hold.
- Listen for a steady dialtone. Dial the number of the third person. If the line is busy or there is no answer, press and release the switchhook to reconnect with the first call.

*66 BUSY REDIAL

Have your telephone automatically redial busy numbers for you. When you reach a busy number, use *66 Busy Redial to monitor the number you called and ring you back when the line is available.

CALL FORWARDING

You'll always keep in touch when you're on the move by forwarding your calls wherever you go.

To use Call Forwarding:

- Listen for a dialtone, press *72. After hearing a second tone, dial the number to where you wish your calls to be forwarded. Wait for an answer. If the line is busy, or no one answers, hang up and repeat steps one and two again. Two quick tones indicate Call Forwarding is in effect. Check that your calls will be forwarded by pressing *72. A busy signal tells you Call Forwarding is in effect.

To cancel Call Forwarding:

- Press *73 then listen for a confirmation tone.

CALL FORWARDING - BUSY

When your telephone line is busy, your calls are permanently forwarded to a predesignated telephone number you select when you order the service. Press *90 to activate and *91 to cancel.

CALL FORWARDING - NO ANSWER

Unanswered calls are permanently forwarded to a predesignated telephone number you select when you order the service. Your telephone rings about four times before the call is forwarded. Press *92 to activate, and listen for two brief tones to confirm your selection is on. Press *93 to cancel.

DISTINCTIVE RING

This feature, also known as Personal Ringing, can give you an additional telephone number with its own distinctive ring on your existing telephone line.

*69 CALL RETURN

Automatically dial the last number that called you. *69 Call Return can be used to return a call whether you answered it or not, even if it was on Call Waiting.

ANONYMOUS CALL REJECTION

Avoid calls from anyone who blocks their name and number from appearing on Caller ID. Blocked callers hear a message that instructs them to remove their blocking and call again. Press *77 to activate and *87 to cancel.

*63 SELECTIVE CALL FORWARDING

*63 Selective Call Forwarding lets you choose which calls should be forwarded when you are away from your home or office. Only calls from numbers on your *63 Selective Call Forwarding list will forward.

*64 SELECTIVE CALL ACCEPTANCE

Avoid interruptions without missing important calls. Use *64 Selective Call Acceptance to screen your calls and only allow certain numbers to ring through (up to 12 telephone numbers). Any callers not on your list will hear a recording saying you are not presently accepting calls.

*60 SELECTIVE CALL REJECTION

Use *60 Selective Call Rejection to avoid calls from specific numbers (up to 12 telephone numbers). Blocked callers hear a message that says you are not presently accepting calls.

VIP ALERT

Allows you to create a list of up to 12 telephone numbers. When someone on your list calls, you will be notified by a special ring or distinctive Call Waiting tone to let you know it is an important caller.

SPEED CALL (8 OR 30)

Speed Call (8 or 30) allows you to create a list of telephone numbers that can be called by using a one or two-digit code.

To create your Speed Call list:

- Assign a code to each of the telephone numbers.
- Listen for a dialtone and press 74# for Speed Call 8 or listen for a dialtone and press 75# for Speed Call 30.
- Wait for a second dialtone, then dial the code you want to assign and the telephone number you want the code to represent.
- Listen for two brief tones to confirm that your number has been accepted; hang up or wait for a dialtone.
- Repeat steps 2 through 4 to add each number to your Speed Call list or to change an existing number.

For Speed Call 8, assign a one-digit code (2-9).

- Example: 2 (code) 555-1234 (telephone number) or 2 (code) 1-123-555-1234 (long distance number).

For Speed Call 30, assign a two-digit code (20-49).

- Example: 20 (code) 555-1234 (telephone number) or 20 (code) 1-123-555-1234 (long distance number).

To call a number on your Speed Call List:

- Dial the assigned code for the number you want to call, then press the # key to make the call even faster.

CALL TRACE

Call Trace allows you to automatically request a trace of an obscene, threatening or harassing call.

To use Call Trace:

- Hang up after receiving the annoying call.
- Lift the handset and listen for a dialtone.
- Press *57, then listen for a tone or an announcement.

There is a charge for each call traced. For more information call 1-800-201-4099.

Note:

- If a Call Waiting tone is received during a call that is to be traced, tracing will occur on the Call Waiting call rather than the original calling number.

VOICE MAIL

Voice Mail is available in Bruneau and Grand View exchanges only.

How to Set Up Your Mail Box

A standard greeting starts working as soon as you subscribe and will answer calls and store messages for you. However, you will need to initialize your mail box to personalize the greeting and decide on your four to ten digit pass code in advance.

Dial the Voice Mail system access number.

Grand View, Bruneau.....834-3131

If calling from another telephone that doesn't have CenturyLink Voice Mail or from a cell phone, dial the system access number, wait for the prompt, then press the # key and enter your mailbox number (NOTE: The mailbox number is the customer's phone number!) If calling from another telephone that has CenturyLink Voice Mail, dial the system access number, wait for the prompt, then press the * key and enter your mail box number. The system will answer and prompt

you for your password. Enter your temporary password 2368879 (Century) and listen to the voice commands as they prompt you through the system. Follow the prompts to set up your personal greeting and password.

How to Retrieve Messages

A "stuttered" dial tone and/or message indicator light on your telephone or caller ID box can be used to alert you that the system has a recorded message for you to review. This stuttered dial tone does not disrupt your telephone service; you can still make or receive calls even when you hear the stuttered dial tone. The stuttered dial tone will be replaced by a regular dial tone after you have saved, deleted, or forwarded your messages.

To retrieve your message from your home telephone, dial the system access number. The system will prompt you for your password.

To access your mailbox from a remote location, dial the system access number. You will be prompted for your mailbox number and password. You may also dial your telephone number. As soon as the greeting begins, press 2. Then enter your password. Press 1-1 to listen to your messages first and the saved message. After listening to your messages, press 9 to save the message, 7 to erase the message and 4 to replay the message.

When listening to your message, you may:

- Press 1 to rewind the message for 10 seconds.
- Press 1-1 to rewind to the beginning of the message.
- Press 2 to pause (and then to restart) the message.
- Press 3 to fast forward or advance the message by 10 seconds.
- Press 4 to slow down the message.
- Press 5 to access the date and time of the message.
- Press 6 to speed up the message.
- Press 8 for normal volume.
- Press 9 for louder volume.
- Press # to skip a message.
- Press ## to skip all saved messages.
- Press * to go back to the previous menu.
- Press * again to stop reviewing messages.

Customer Rights and Responsibilities

ESSENTIAL AND ADVANCED SERVICES

As your local telephone company, CenturyLink provides basic and essential telecommunication services as well as enhanced products and services to its customers throughout our serving areas.

Among the essential services are single party service with Touchtone dialing, unlimited calling within the local calling area, access to 9-1-1 or other emergency call centers, and directory and operator assistance. In addition, these essential services include connection to the long distance carrier of your choice and long distance blocking if you prefer. Basic rates include a monthly service fee, a federal subscriber line charge and a federal universal service fee. The flat rate monthly service fees range from \$16.10 to \$27.60 for residential customers and from \$31.77 to \$43.27 for business customers. In Nevada, the fees are \$4.75 to \$5.75 for residential customers and \$8.75 for business customers. Services provided through connection to a long distance carrier or operator and directory assistance may result in additional charges.

CenturyLink also offers a variety of optional calling products and services to meet your personal or business needs. Call our Customer Contact Center for prices and availability of these services in your area.

TELEPHONE ASSISTANCE PROGRAMS

CenturyLink participates in a program to make residential telephone service more affordable to eligible low-income individuals and families. This program, established by the Idaho Public Utilities Commission and the Public Utilities Commission of Nevada in conjunction with the Federal Communications Commission, offers discounted basic local service to qualified customers. Eligible customers will receive discounted monthly service charges and a one-time reduction of installation charges for initial

are generally waived for customers electing to place toll restriction on their lines. Monthly charges for toll restriction will be waived for customers requesting to have that restriction on their account.

Who is Eligible for Telephone Assistance?

Idaho Residents: You may be eligible for these telephone assistance programs if you meet the income-based criteria established by the Department of Health and Welfare.

Nevada Residents: You may be eligible for these telephone assistance programs if your total household income does not exceed 150 percent of the federally-established poverty level or you participate in one of the following:

- Federal Public Housing Assistance / Section 8
- Supplemental Nutrition Assistance Program (SNAP)
- Medicaid
- Low Income Home Energy Assistance Programs (LIHEAP)
- Supplemental Security Income (SSI)
- The National School Lunch (free program only)
- Temporary Assistance to Needy Families (TANF)

Only one Lifeline discount is allowed per household. This restriction applies to all phones in the household, including landline and wireless.

Residents who live on or near a federally recognized reservation may qualify for additional Tribal benefits if they participate in certain additional programs.

If you have questions or believe you may qualify for these benefits, please call your CenturyLink Residential Customer Service Representative.

IDAHO RELAY SERVICE

The Idaho Relay is a telecommunications service providing full telephone accessibility to people

(teletypewriter) and any other telephone user. This service also allows a person without a TTY to call a TTY user. Trained personnel complete all calls and stay on-line to relay messages electronically over the TTY or verbally to hearing parties. This service is provided free of charge in your local calling area; however, long distance rates will apply and are determined by your long distance carrier.

The relay allows you to place and receive calls to and from anywhere in the world, 24 hours a day, 365 days a year, using English or Spanish. This service will also relay TTY calls to directory assistance. After obtaining the number, the caller may choose to place the call through Idaho Relay or dial it directly TTY to TTY.

SERVICES FOR THE DISABLED

If you are disabled or know someone who has a physical disability causing telephone hardship, CenturyLink can help. For more information about special equipment for the disabled, call our Customer Contact Center.

HARASSMENT CALLS

Making threatening, obscene, or nuisance calls is

a violation of state and federal laws. Should you be the victim of a threatening call, report it immediately to the police. If you do receive obscene or nuisance calls and have identified them as such, follow these suggestions:

- Hang up.
- DO NOT provide any information about yourself.
- Advise your children to do the same.

If the calls continue, contact the police and a CenturyLink™ representative for advice. Often, changing your number will resolve the problem.

(If available in your area, utilize Call Trace to report their number to the police. A charge may apply for this service).

900/976 NUMBER BILLING ERROR RIGHTS

This statement explains your billing error rights with respect to telephone-billed purchases made using interstate 900/976 pay-per-call services that are billed to you through CenturyLink.

This information is provided under the Federal Telephone Disclosure and Dispute Resolution Act.

This is the procedure that you must follow to notify CenturyLink of a billing error and the steps that either CenturyLink or the long distance company must take in response to your notice. You may provide notice of a billing error to CenturyLink by telephone or in writing. If you write, you should:

- Give us your name or the customer's name, and telephone number to which the charge was billed;
- Tell us the date and amount of the error, and the type of error you believe occurred; and
- Tell us why you believe it was an error.

You should contact CenturyLink first, since we have an agreement to receive billing error notifications from customers. You may provide a notice to the long distance company instead, and it may ask you to contact us directly, and provide to you our name, mailing address, and business telephone number, even if it also sent your billing error notice to us.

For billing error claims regarding 900/976 service charges:

Call the number on your bill listed with the 900/976 charges within 60 days of receiving the

- Verbal notification is sufficient to begin a billing review.
- Payment of disputed 900/976 service charges is not required during the review period.

Written acknowledgement of your dispute must be provided to you within 40 days of receiving your notice if:

- The error has not been corrected or
- The billing review is not completed.

The billing review must be completed within 90 days and:

- An explanation must be provided to you if the bill was correct or
- You should receive a written notice of the amount you owe and the payment due date. If you fail to pay the amount that you owe, you may be reported as delinquent, but
- The name and address of any party to which you were reported for delinquency must be provided to you.
- If you do not agree with the explanation and if you so give notice before the payment due date, any delinquent report must state that you dispute the claim.
- Any party receiving the delinquent report must also be advised in writing when the matter is settled.

If these rules are not followed, the first \$50.00 for each 900/976 service charge in question cannot be collected even if your bill was correct.

The Interexchange Carrier or Information Provider may pursue collection of unpaid 900/976 charges through an independent collection action.

Nonpayment of 900/976 service charges or charges for similar types of service will not result in disconnection of your local or long distance service. However, access to 900/976 numbers may be blocked for nonpayment of legitimate charges.

You should not be billed for 900/976 services that are not offered in compliance with federal laws and regulations.

You may obtain blocking of 900/976 services at no charge by calling your CenturyLink™ Customer Contact Center at the number listed on your telephone bill.

TELEMARKETING CALLS

Avoid the frustration sometimes associated with telemarketing calls by following these five steps:

- Find out who is calling: always secure the name of the company and individual with whom you are speaking.
- If you are interested in the product or service the caller is offering, request that information be sent to you via mail. Specify that you are not agreeing to purchase anything, but would like to review the information in writing.
- If you are not interested, politely interrupt the call and end the conversation.
- If you are sure you do not wish to receive future solicitations from that company, ask to be removed from the company's list.
- DO NOT GIVE YOUR CREDIT CARD NUMBER unless you are certain the call is legitimate.

PURCHASE OF GOODS AND SERVICES BY TELEPHONE

You have important rights under the Idaho Telephone Solicitation Act. Under this Act it is illegal for persons attempting to sell you goods or services by telephone (telephone solicitors):

- To intimidate or harass you in connection with the attempted sale.
- To refuse to hang up and free your telephone line immediately once you request them to do so.
- To misstate the price, quality, or availability of goods or services, or to fail to reveal all material terms relating to the sale of goods or services.
- To advertise, represent or imply that they have the endorsement of any government office or agency when they do not.
- To advertise, represent or imply that they have a valid registration number with the Attorney General when they do not.
- To use any unfair method of competition or unfair or deceptive practice.

Any person not yet 18 years old who purchases goods or services pursuant to a telephone solicitation may cancel the purchase within a reasonable time after the purchase is made. No parent or legal guardian having custody of a person not yet 18 years old is liable for the purchase of goods or services by a person not yet 18 years old pursuant to telephone

When you agree to purchase goods or services over the telephone, you may have a right to reconsider and cancel your agreement for three business days after receiving a written confirmation of the sale.

A person whose rights are violated by telephone solicitors may have the right to declare a contract of purchase null and void or invoke other remedies under the Idaho Consumer Protection Act.

If you believe that a telephone solicitor has done any unlawful acts, you may contact the Attorney General's office for assistance and information at **1-800-432-3545** or **208-334-2424** (Boise area).

You may place your telephone number on the National Do Not Call Registry by calling **1-888-382-1222**, (TTY **1-866-290-4236**) or on-line at DONOTCALL.GOV.

NEVADA "DO NOT CALL" LAW

Nevada now has a telecommunications solicitation law, popularly known as a "do not call" law. This law gives you an opportunity to limit the telemarketing calls you receive, by allowing you to place your phone number on a do not call registry. This Nevada law is in addition to a similar federal law that went into effect October, 2003. Nevada consumers are still protected by the federal law. But now, Nevada consumers are protected by Nevada's do not call law as well.

How to Register: If you have already registered your Nevada phone number on the national do not call registry, you are already registered for our do not call law. If you haven't registered your Nevada number yet and would like to, register for both laws for free at the national do not call registry's web site, www.donotcall.gov. If you prefer, you can also register by calling toll free **(888) 382-1222**. Upon completion of the registration process, your phone number shows up on the national do not call registry by the following day. However, since telemarketers update their copies of the national do not call registry at least every three months, it is recommended that you allow three months before filing a complaint. No information

contained in the registry, other than your telephone numbers, will be disclosed to the public. All telephone numbers and related information in the registry will be deleted or purged from the registry every three years, except for any telephone number and related information for which the Attorney General has received a new or renewed request for inclusion in the registry within the six months before the potential deletion. A revised version of the telephone numbers in the registry will be published at least once every six months.

How to File a Complaint: If your Nevada number has been registered on the national do not call registry for at least 3 months, you may file a complaint if you received a call from a non-exempt telemarketer. To file a complaint, visit the national do not call registry web site at www.donotcall.gov and select the "File a Complaint" button. If you prefer, you can also file a complaint by calling toll free **(888) 382-1222**. In filing a complaint, you need to provide either the telemarketer's name or phone number, the date the telemarketer called you, and your registered phone number.

In certain cases, even though your number is already registered, non-exempt telemarketers may continue to call you. For instance, companies you have done business with in the past 18 months may continue to call you, as well as telephone surveyors and charitable, religious or political organizations. For more information on the Nevada "do not call" law, please visit the Nevada Attorney General's web site at www.ag.state.nv.us.

STATEMENT OF NONDISCRIMINATION

In accordance with Federal law and U.S. Department of Agriculture policy, this institution is prohibited from discriminating on the basis of race, color, national origin, sex, religion, age, disability (not all prohibited bases apply to all programs).

To file a complaint of discrimination, write USDA, Director, Office of Civil Rights, Room 326-W, Whitten Building, 1400 Independence Avenue, SW, Washington, DC 20250-9410, or call **1-202-720-5964** (voice or TTY). USDA is an equal opportunity provider and employer.

Helpful Information

CALL BEFORE YOU DIG

Any person planning to excavate should contact the Idaho Digline One Call Service at 8-1-1 or 1-800-342-1585.

In Nevada call Nevada Underground Service Alert One Call at 8-1-1 or 1-800-227-2600.

To avoid delays, call 72 hours before you dig and the location of the under-ground cables in the area will be provided. Cable location services are free.

Be prepared to give the county and street address of the work site. If there is no street address, give the name of the road, which side of the road you will be working on, and the distance and direction from a nearby intersection.

TELEPHONE SAFETY

Following these simple rules and teaching your family the basics regarding telephone safety is strongly encouraged by CenturyLink.

- **Do NOT** use the telephone near water. Water contact could cause electrical shock.
- **Do NOT** use the telephone during an electrical storm. There is a remote risk of electrical shock occurring from lightning when you use the telephone during a nearby electrical storm.
- **Do NOT** use the telephone to report a gas leak in your home. The telephone contains electrical contacts that could generate a tiny spark when the handset is lifted. While the possibility is a remote one, this spark could trigger an explosion.

OUR EMPLOYEES CARRY ID BADGES

CenturyLink employees carry photo identification badges. For your protection, please ask to see identification before admitting any service person into your home.

OWNERSHIP OF TELEPHONE NUMBERS

CenturyLink owns all telephone numbers. CenturyLink reserves the right to change any customer's number as may be required.

DIRECTORY CONTENT

This directory provides a comprehensive listing of local businesses, residents, community information and CenturyLink contacts and information. CenturyLink makes every effort to ensure that all listings appearing in this directory are accurate at the time of publication; however, we assume no liability for charges arising from errors or omissions. If you are aware of any error, please contact the Business Office.

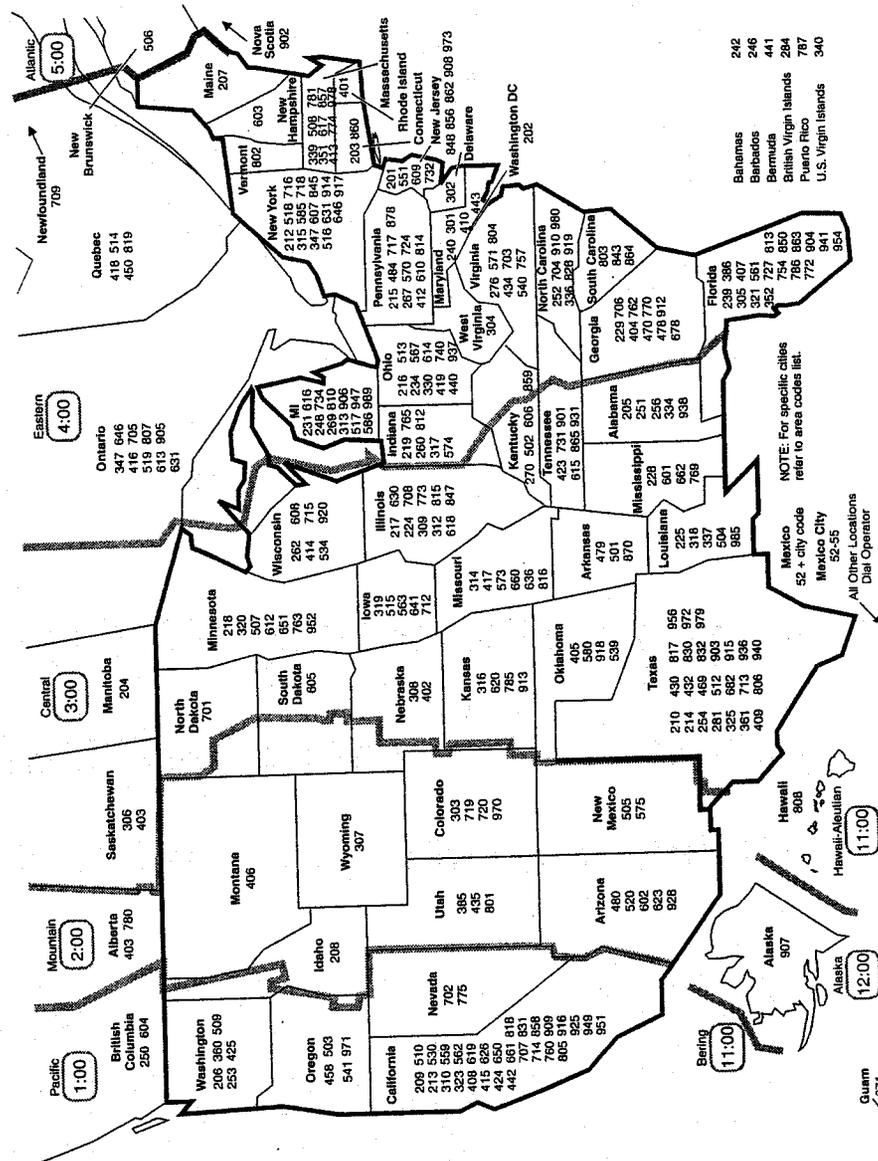

DIRECTORY LISTING OPTIONS

Every customer may be listed once in the White Pages of the telephone directory without charge. Enhancement options can be added for a small additional monthly charge.

- **Nonlisted Service:** Your name and telephone number would be available in directory assistance but not in the White Pages.
- **Nonpublished Service:** Your name and telephone number would NOT be listed with directory assistance or in the White Pages.
- **Additional Listings:** You can list the same number under a different name such as a roommate or spouse with a different last name. Fax Numbers, e-mail addresses and alternate call listings (i.e. after 5 p.m. call...) can also be included.
- **Bold-face or Highlighted Listings:** These options are available to bring attention to your business.

International Calling

DIRECT DIALING

To dial international calls direct, dial in sequence:

1. The International Access Code — 011
2. The Country Code
3. The City Code
4. The local telephone number
5. The "#" key — where telephone is equipped with Touchtone dialing. This will speed your call along.

For example, to make a call to the city of London, you would dial:

011	+ 44	+ 20	+ _____
International Access Code	Country Code	City Code	Local Number

If you subscribe to a long distance service, call your supplier for dialing instructions.

OPERATOR-ASSISTED CALLS

To dial operator-assisted international calls, dial in sequence:

1. The International Access Code — 01
2. The Country Code
3. The City Code
4. The local telephone number

For example, to make an operator-assisted call to the city of London, you would dial:

01	+ 44	+ 20	+ _____
International Access Code	Country Code	City Code	Local Number

If you subscribe to a long distance service, call your supplier for dialing instructions.

Some countries have increased the number of digits included in their local numbers beyond that supported by many telephone company's networks. This primarily affects new telephone numbers. In general, numbers that are already assigned will not be affected. If you have difficulty completing a direct-dialed international call, please contact your international operator or dial 0 for assistance.

Name of Respondent

**TO THE
IDAHO PUBLIC UTILITIES COMMISSION
PO BOX 38720
BOISE, ID 83720-0074**

Notes to Separated Results of Idaho Operations

- 1 Local service revenue is separated between billed (accrued) and EAS net settlements. The EAS billed amount represents EAS surcharges and measured EAS services. The EAS net settlements amount equals the contracted amount of EAS settlement payments to the independents. Note: EAS settlement expense is recorded in expense account 6728. Some portion of local billing is assigned to the interstate jurisdiction. See FCC Part 36.212.
- 2 Account 508X is for access charges. Split the account between customer access line charges (CALC), switched and special.
- 3 Account 51XX applies to interstate and intrastate billed toll.
 - a. The intraLATA gross billed toll should equal the billed toll combined.
 - b. The private line amount should equal the ITC's private line toll.
 - c. The settlement amount is the operator surcharge revenues billed and retained by the ITCs and recorded as a debit to 5100 MTS Toll Revenue accounts.
- 4 Accounts 5270 and 5280 cover billing and collection access revenues for interstate and intrastate respectively.
- 5 Summary and Detail accounts:
 - a. Operating Expenses - The summary (page 1) should agree with the details (pages 5 and 6).
 - b. Telecom Plant in Service - The summary (page 2) should agree with the totals (page 3).
 - c. Depreciation & Amortization Reserves - The summaries (page 2) should agree with the totals (page 4).
- 6 Details of general taxes and the computation of state and federal income taxes are found on page 7.
- 7 The Equal Access Equipment is determined as defined in FCC Part 36.191.
- 8 Account 6511 Property Held for Future Use Expenses and Account 6562 Amortization Expenses Associated with Property Held for Future Use are not "above-the-line" items in Idaho.

Notes to Separated Results of Idaho Operations
(Continued)

- 9 Account 6540 includes access charges and B & C expenses paid to LECs. See FCC Part 36.354. Carrier access charge B & C expenses in account 6623 are expenses associated with the billing and collecting of access charges to interexchange carriers. See FCC Part 36.381.
- 10 Equal Access Provision expenses are determined as defined in FCC Part 36.421.
- 11 Universal Service Fund expenses adjustment is determined as defined in FCC Part 36.631. The expense adjustment is added to interstate expenses and deducted from state expenses. The effect is zero on total Idaho operations.
- 12 Lifeline Connection Assistance expense adjustment is determined as defined in FCC Part 36.741. The expense adjustment is added to interstate expenses and deducted from state expenses. The effect is zero on total Idaho operation.
- 13 Line 7 = revenues - expenses - general taxes (excluding SIT).
- 14 Line 9 is the basis for all income tax separations. See FCC Part 36.412.
- 15 Line 10 = SIT Base Miscellaneous Adds and Deducts. This may be obtained from tax workpapers or, if multi-state operation, backed into by dividing the current SIT by .08 then subtracting line 9. If the "backed into" approach is used, make sure prior year adjustments are first removed from current SIT.
- 16 Current SIT should reflect the removal of all prior period adjustments.
- 17 Line 13 = FIT Base Miscellaneous Adds and Deducts. This may be obtained from tax workpapers or backed into by taking the current FIT plus claimed ITC, dividing the effective FIT rate and then subtracting line 12 and line 9. If the "backed into" approach is used, make sure prior year adjustments are first removed from current FIT.
- 18 Current FIT should reflect the removal of all prior period adjustments.

Notes to Separated Results of Idaho Operations
(Continued)

- 19 Separation Parameters drive the allocation of certain plant and expense costs to operation and services. The parameters are designed to perform validity tests on separation studies and provide a basis to forecast future test year separations. All parameters reflect study area annual totals.
- 20 Current Composite SPF - It represents a composite of the pre and post-conversion SPF for those companies involved in toll route conversions to EAS during the year.
- 21 COE Cat 3 - See FCC Part 36.125 and PUC Order 93-1133, Appendix A.
- 22 Exchange Trunk MOU - See FCC Part 36.155.
- 23 Host/Remote MOU Kilometers - See FCC Part 36.157.
- 24 Equal Access MOU - See FCC Part 36.191.
- 25 Operator Standard Work Seconds - Used to separate operator services expenses if different from those used for COE Cat. 1 plant.
- 26 Tandem Switching MOU - See FCC Part 36.124.
- 27 Unseparated Loop Cost - See FCC Part 36.621.
- 28 Gross Billed Revenues are defined differently for the following expenses:
 - a. Marketing - See FCC Part 36.372
 - b. Payment and Collection, End User - See FCC Part 36.377(a)(2).
 - c. Payment and Collection, CXR - See FCC Part 36.377(a)(5).
- 29 Service Order Contacts:
 - a. Service Order Processing, End User - See FCC Part 36.377(a)(1).
 - b. Service Order Processing, CXR - See FCC Part 36.377(a)(4).

Notes to Separated Results of Idaho Operations
(Continued)

30 Billing Inquiry Contacts:

- a. Billing Inquiry, End User - See FCC Part 36.377(a)(3).
- b. Billing Inquiry, CXR - See FCC Part 36.377(a)(6).

31 SP and RC Messaging - These messages are used to separate Account 6623, Revenue Accounting - Toll Ticket Processing expenses - See FCC Part 36.379.

32 Big Three Expense Facto - See FCC Part 36.392.
