(Approval Stamp)

**SCHEDULE 3**

**SEASONAL (WEEKEND OR PART TIME USE)**

**Eligibility:**

Any customer may select Schedule 3 and will be assessed reconnection fees as described on Tariff Sheet 4. No monthly minimum bill will be charged during periods of disconnection.

Any residential or commercial customer is eligible for this rate. Customers who are disconnected from the system on a seasonal or intermittent basis, either voluntarily or involuntarily, and remain disconnected for a period of more than 30 days will be required to take service under Schedule 3 upon reconnection of service.\*

**Monthly Charge:**

\$35/month customer charge for residential; \$65/month customer charge for commercial  
21 cents/kwh for all energy use

**Payment:**

The monthly bill rendered for service supplied hereunder is payable upon receipt, and becomes past due fifteen (15) days from the date on which rendered.

\*After remaining connected for a period of 12 consecutive months, a Schedule 3 customer may be considered a year-round, permanent customer and may elect to receive service in the future under Schedule 1 or 2.

Issued per IPUC Order No. 24925. Effective June 15, 1993

SCHEDULE 4  
OTHER MISCELLANEOUS CHARGES

~~CHARGES FOR CONNECTION AND RECONNECTION  
OF SERVICES\*~~

Charges for Connection and Reconnection of Services*		NEW
Customers disconnected for a period of 30 days or less .....	\$25	\$35
Customers disconnected for a period of more than 30 days .....	\$200	\$335
New customers .....	\$25	35
Commercial customers disconnected for a period of more than 30 days.....	\$660	NEW

Residential

\*All reconnection charges are assessed at the time of request for reconnection of service.

RETURNED CHECK CHARGE:

A returned check charge of \$20.00 will be assessed to the customers account for any check the bank has refused payment.

NEW

~~Issued per IPUC Order No. 24925. Effective June 15, 1993~~

LATE FEES:

A Late Payment Charge will be levied against any delinquent accounts except accounts of agencies and taxing districts of the State of Idaho as described below. All payments received by the billing date will apply to the customers account prior to calculating the Late Payment Charge. Payments will satisfy the oldest portion of the billing first and the current portion of the billing last.

Late Payment Charges will continue to accrue against unpaid disputed bill amounts. If the dispute is resolved in the favor of the customer, all disputed charges plus any associated Late Payment Charges will be deleted from the customers account. If the dispute is resolved in favor of the Company, all disputed charges plus any associated Late Payment Charges will become due and payable.

Late Payment Fees for Agencies and Taxing Districts of the State of Idaho. Under the authority of Idaho Code §67-2302, an agency or taxing district of the State of Idaho has 60 days from the date that a bill is received to pay that bill. If a state agency or taxing district does not pay the bill within the 60 day period, all of the provisions of Idaho Code §67-2302 will apply and the Late Payment Charge will be levied against the account.

Any state agency or taxing district that claims that it falls within the provisions of Idaho Code §67-2302 must notify Atlanta Power Company in writing of such claim.

GENERAL RULES  
REGULATIONS AND RATES  
(Continued)

SERVICE AND LIMITATIONS (Continued)

12. Limitation of Use:

A. A Customer shall not resell electricity received from the Company to any person except where The Customer's is owner, lessee, or operator of a commercial building, shopping center, apartment house, mobile home court, or other multi-family dwelling where the use has been submetered and the use is billed to tenants at the same rates that the Company would charge for service.

for a period of no more than 30 days annually

NEW

B. A Customer who extends his or her wiring to or otherwise allows connection of another building, property, or place of use, shall be charged \$10.00 per month for each additional unit served through the customer's meter. For example, the temporary or seasonal hook-up of a camper or mobile home to another residential or commercial metered service would allow the Company to charge the metered customer \$10.00 per month in addition to any other applicable fees or charges.

Such connections for a period in excess of 30 days annually will be billed according to the applicable residential or commercial tariff rate.

NEW

13. Rights of Way. The Customer shall, without cost to the Company, provide the company a right of way for the Company's lines and apparatus across and upon the property owned or controlled by the Customer, necessary or incidental to the supplying of service to such Customer, and shall permit access thereto by the Company's employees at all reasonable hours.

14. Meter Installations. The Company, at its own expense, will install and maintain meters to measure power and energy supplied to the Customer. Customer provisions for meter installations shall be made in conformance with Company specifications, the National Electrical Code, or applicable state or municipal requirements.
