Please describe your question or comment briefly:

A 9.5% rate increase is just not appropriate. Avista has made one big mistake after another in management- and continues to dole out huge salaries to their Executives. We are like most Idaho people- just live on fixed incomes and cannot afford rate increases of this size. We get a cost of living raise from Soc. security- but it never has been big enough to help us meet the costs OF LIVING! I suggest Avist pare down their salaries for the Exec. and hire someone who won't always be making costly mistakes. Thank you, Mr and Mrs. Ray Mueller
