IPUC,

I am writing in protest to avista's rate increase,
There are a lot of people out here that are hurting. It is
a sure thing inflation is upon us. And should surely
think the Puc would take into consideration the
economy.

I trust and pray, The Puc. will do the right thing
and deny avista's request for a rate increase.

Please describe your comment briefly:

Enough is Enough!! Idaho Public Utilities Commissioners you were elected to protect the working American Citizens. It appears that you are protecting the Arista Company by choosing to pass on their rate increase of 15.9% for electric and 21.9% for natural gas. You just allowed all kinds of earmarks on my Idaho Power bill along with an rate increase. Now please understand we the people have the power to request that or gas and electric be shut off once we can no longer afford to pay the high prices. If that is what you want then that is what we will do. I will be gathering up my neighbors and co-workers requesting that we all have a shut off party before we give all the utility companies in Idaho our notice. It is not against the law to shut off our water, gas, and electric. People have and are still living without all of these utilities before and we will learn how to do it again. The revolution will be televised!! Thanks for pushing us to the point to where we will cancel all our utilities; in order to keep from being pimped into servitude.

Sincerely,
Mrs Diane Williams
