Ed. Duhles <sup>LELAND PUBLIC UTILITIES COMMISSIONER</sup> Commr.  
Po. Box 83720  
Dixie St. 83720-0074

To Whom It May Concern  
In reference to my  
Complaint Against Arista  
Power Co Rate Raise  
Case # AR - E-09-07, I feel  
this is an unjust request  
on the part of Arista Power.  
If this request is read  
and judged to be fair, it  
would mean a rate raise  
in our utility rates

This comes at an opportune  
time for the above mentioned  
Power Co. This request coincides  
with our Energy Assistance  
Grant in early November -  
This grant comes to us through  
Federal funding.  
I believe that Arista Power Co  
makes enough profit to  
give its CEO a bonus and  
pay an energy dividend to  
its share holders

This request keeps by an  
unfair practice as it did  
by Large Eastern Corporations  
in the East.

The 32 tenants that  
live here in the two  
existing complexes, are  
all seniors or those with  
disabilities. These apartments  
are low income housing.  
We all live on fixed incomes  
which will not be raised  
in the next two years.

It has been expressed  
through the media and  
newspapers. The reasoning  
is because of no foreseeable  
raise in inflation.

Thank you for time and  
consideration.

Sincerely,  
Janet Thompson
