Dear Commission members,

I will take this opportunity to express my opinion on the 13.1% increase that AVISTA has again proposed for our Area. I feel that this increase is terribly large, and does not truly reflect the need AVISTA has.

These continuous raises are so very difficult for the average rate payer and for those of us in retirement years and on fixed incomes.

Please do not grant this request at this time.

Sincerely,

OCTAVIA COBB

Idaho Public Utilities Commission
Office of the Secretary

Add to Mailing List: yes

Please describe your comment briefly:

I would like for someone to actually look into the profits reported by Avista for the last 5 years and the Wall Street like raises and bonuses paid to their executives over the last 2 years. Then MAYBE you would see just how ludicrous the 14% increase is. This may only be an \$11.40 increase to our average citizen but it is over \$10,000 to the small city of Spirit Lake annually. This comes at a time when everyone that is NOT a monopoly is trying their hardest to trim budgets. Please consider and respond to this comment as it IS a CRITICAL issue.

Thank You
Todd Clary
Mayor Spirit Lake, Id

Please describe your comment briefly:

I understand Avista utilities has proposed a rate increase for residential customers of 14.5 %. Please consider strongly the impact that such a raise would have in this economic climate. Based on the percentage of the proposed increase and my average monthly utility bill, this would raise my monthly bill by \$490.00 annually. This increase would cause a real hardship on my budget.
