**TO: FILE**

**FROM: KRISTINE A. SASSER  
DEPUTY ATTORNEY GENERAL**

**DATE: JUNE 13, 2011**

**SUBJECT: OREM FAMILY WIND, LLC COMPLAINT AGAINST AVISTA  
CORPORATION, CASE NO. AVU-E-10-06**

On December 10, 2010, Orem Family Wind, LLC filed a formal complaint against Avista Corporation for Avista's refusal "to enter into a power purchase agreement containing the published avoided cost rates in Order No. 31025 and reasonable and legal terms regarding ownership of environmental attributes, delay damages and security, and wind integration." Complaint at 7. On December 15, 2010, a summons was issued by the Idaho Public Utilities Commission notifying Avista that a complaint had been filed and directing Avista to file an answer within 21 days. Avista filed an Answer with the Commission on January 5, 2011. Avista denied all material allegations of the complaint. On May 4, 2011, Orem Family Wind filed a Notice of Withdrawal of its Complaint. Orem Family Wind "determined it will pursue other alternatives for its qualifying facility, rather than litigate the Complaint against Avista Corporation in this case." Withdrawal at 1. Consequently, this case should now be closed.
