Comment: I'm hoping that rates will not be raised. On fixed income it is difficult enough to pay utility bill. Winter I have to ask for help in paying bill. I alone live in single wide manufactured and have had winterization crew from Lewiston check my home out. They said nothing needed fix. I do minimal laundry, dry clothes outside summer inside winter. Do not have dish washer, electric heat is what I have and furnace just put in about 3 years ago. I just don't know how I can cut down usage. In Spokesman Review of Friday September 5 quotes typical households monthly bill would rise from \$81.88 to \$85.83. I'm just saying I know no one with that low a bill in summer or winter. Please don't raise rates. Sincerely Margaret Ann Brookhart
