Comment: I want to state that I do not think that the rates should increase. I am barley able to pay my Avista power bill as it is and the increase would only hurt me more.

Comment: Living on a fixed income..i make \$901 a month. If avista is allowed a electric increase of this request i will have to decide whether i pay it or cut food out of my budget. I am budgeting the best i can, this will hurt. I am reauesting you turn them down as i dont think bonuses should be paid at the expense of the elderly and the poor.
