Name of Utility Company: Avista

Comment: Another rate hike..? It's either electric or gas constantly! My family hasn't had a pay raise in so long I can't even remember! Maybe Avista should tighten their belts! Stop hiring contractors to do their work. I don't know any family that can afford to pay more for anything! This year it's for electrical infrastructure, next year gas something or other! Really!! ENOUGH repeal Obama care? That won't lower our insurance deductibles either. Let's see the bonus' of the upper management, then decide if they need the money, or it should be used in a better way, another big company that doesn't know how to budget their money.
