IDAHO PUBLIC UTILITIES COMMISSION:

CASE NUMBER AVU-E-17-09 AND

CASE NUMBER AVU-G-17-05

AS LONGTIME RESIDENTS OF IDAHO
915 HIGH CAMPAYE, ST. MARIES, ID. 83861-1725
WE STRONGLY OBJECT TO THE SALE OF
AVISTA UTILITIES TO HYDRO-ONE A FOREIGN
OWNED & OPERATED COMPANY IN FRENCH CANADA.

AS AVISTA IS OUR ONLY CHOICE OR
SOURCE OF ELECTRICAL POWER IT IS
A MONOPOLY AND WE FEAR THE PUBLIC
UTILITIES COMMISSION WOULD HAVE LITTLE
OR NO CONTROL OVER HYDRO-ONE'S
ACTIONS BEING IT IS IN A FOREIGN
COUNTRY.

WE WOULD PREFER IT REMAIN HERE
AS A US COMPANY SO THAT YOUR
PUBLIC UTILITIES COMMISSION CAN
CONTROL ITS ACTIONS AS WE FEEL
AT TIMES IT IS ALREADY OUT OF CONTROL
WITH UNWARRANTED PRICE INCREASES
IE: DEMANDING AN INCREASE DUE TO
CUSTOMER USE OF ENERGY SAVING DEVICES.
-OVER-

WE FEEL THAT CANADA HAS ALREADY
PURCHASED KEY BUSINESS IN THE U.S.A.
SUCH AS GOLD AND SILVER MINES AND
SOON THEY WILL OWN OR CONTROL TOO
MANY VALUABLE U.S. ASSETS.

PLEASE GIVE OUR PLEA AND THOSE
OF OTHER CONCERNED CITIZENS ATTENTION.

STANLEY V. COOK

I am writing to express strenuous objection to Avista being sold to Canada's HydroOne. How in the world can any foreign-owned corporation be allowed to own/control our energy companies??

We understand that HydroOne is switching to unreliable and unaffordably expensive windmills and solar, both requiring labor-intensive maintenance for correct operation. Solar panels require weekly cleaning and regular batteries' replacement. Consequently, America's reliable hydro-electric generating dams will deteriorate, ending our affordable energy.

Canada can later sell HydroOne to China or any country, due to international trade agreements. It is critically important to American national security concerns that we disallow any foreign-owned corporation to own/control our energy companies, dams, electrical and natural gas infrastructure.

I strongly urge you to PLEASE stop this sale to Canada or to any foreign-owned corporation.
