Subject: I Object to Hydro One acquiring Avista!

I am writing to you since I will not be able to attend the meeting in Boise (we live in Coeur d'Alene). I am in opposition of the take-over of Avista by a Canadian company. The idea of having a foreign country in charge of any utility company in the United States is outlandish! The purchase is surely to cause our rates to sky rocket (currently, Idaho is one of a handful of states who are blessed by low electric rates). The state is not occupied by wealthy Americans. We make a decent living and any possible increase will surely be a hardship to many Idahoans.

I appreciate your time in reading this email, and trust you will do the right thing by keeping American utilities owned by American companies.

Thank you for your time.

Respectfully,

Karen Reade

Subject: I Object to Hydro One acquiring Avista!

I am a life-long resident in North Idaho and user of Avista electricity. I OBJECT to the Hydro One acquiring Avista. I'd rather pay higher rates to a US company rather than have my electricity be controlled by a foreign based company.

Thank you for your time,

People that will literally be relying on another country for their power myself Please do not let this deal happen. If this sale goes through then there is a lot of included. They say that there will still be an office here and they will still be governed by the Idaho public utilities commission but there is always loop holes and if something were to happen you can bet that they will find them. So PLEASE PLEASE DO NOT LET THIS DEAL GO THROUGH !!!!!

I believe that this is a very one-sided “deal.” It is extremely advantageous for Hydro One and a very bad deal for Idaho and Avista customers. I would respectfully ask that you vote against the acquisition by Hydro One.

Sincerely,
Janetta Michael

I am writing to express my objection of the acquisition of Avista by Hydro One. I won't bore you with the reasons why this is a terrible idea...you have been provided sufficient evidence already. Please do not approve this merger/acquistion.

Thank you for your diligent work on behalf of Idaho's utility consumers.

Sincerely,

Carl Greene

Subject: NO to Avista/Hyro One acquisition

Dear Commissioner,

Please oppose Hydro-One's, a foreign company's, aquisition of Avista. After reviewing many documents and statements, and planning to retire in INW with family I have encouraged to relocate to, I am adamantly opposed to this. I could spend a lot of time with bullet points but the bottom line for me is that there is no good reason that justifies the release of ownership of vital energy to the control of non-American individuals or companies.

Sincerely,
Courtenay

First, we do not want to sell our country to others That's what drove our forefathers to this country! INDEPENDENCE and FREEDOM.

Second, we do not want to Be OWNED by a foreign country.

Third, no matter how much money Hydro pays to executives, executives with have to live with that **selfish, corrupt, shameful GIVE AWAY** for the rest of their political career..

Fourth, most importantly, there is no driver that necessitates this ACT of treason!

Good morning,

I live in Post Falls, ID so won't make it to your meeting in Boise November 26th, but I STRONGLY oppose the Avista - Hydro One acquisition! I don't know why you would even consider giving control of our waterways to a foreign country; especially one that has a history of raising the rates their consumers pay. You can say our rates won't rise for two years (isn't that what it was?), but what happens after that? The idea of a foreign country owning part of America is appalling! There must be some underhanded something in this deal that benefits you, but I feel confident that it won't benefit those of us who have to pay for your services. As far as I know, you have gotten nothing but opposition to this proposal at every meeting you've held on this topic. We pay for your services, by default, and I think you should take our viewpoints into consideration.

My vote would be a resounding NO!!!!!!!!!!!!!!!!!!!!

I am not able to attend the Public Utility hearing on the acquisition of Avista Utilities by Hydro One. I feel the people / customers of the utility are better served by Avista remaining independent of the conglomerate commercial entity. Please note my concern and reject the sale as proposed.

Thank You,

Dave Sharpe
