Name of Utility Company: Avista

Comment: Please add my voice to the many who object to the Canadian company Hydro One taking control of Avista Corp. A foreign company (even in a friendly country) taking control of our power sources is NOT a good idea. Canada is also a Socialist country, with many bad ideas which would not work well in the U.S. There is NO good reason to give this control to Hydro One. Recently the Canadian Govt forced out the CEO of H-One, and all 10 commission members resigned. This is not a good sign of a stable company. The only people benefiting from this merger would be major stock-holders and some supervisory employees. Certainly it doesn't help the customers. Please stand firm on your rejection of this merger. Thank You.
