BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

In the Matter of the Application of)
United Electric Co-op, Inc. and)
the East End Mutual Electric Company,)
LTD., for an Order Approving a Service)
Territory Agreement between the)
Applicants.)

Case No. GNR-E-03-04

APPLICATION

Pursuant to Rule 51 of the IPUCRP, and Idaho Code § 61-333, United Electric Co-op, Inc. ("United") and East End Mutual Electric Company, LTD ("East End") respectfully apply for Commission approval of a Service Territory Agreement between

United and East End on the grounds and for the following reasons:

1. On December 8, 2000, the Idaho Legislature, meeting in special session amended the Idaho Electric Supplier Stabilization Act, §§ 61-332 through 61-334B of the Idaho Code. Idaho Code § 61-333 provides that any electric supplier may contract in writing with another electric supplier for the purpose of allocating territories, consumers, and future consumers between electric suppliers and designating which territories and consumers are to be served by which contracting electric supplier. The statute further provides that the Commission shall, after notice and hearing review and approve or reject such contracts between electric suppliers. This joint Application is filed with the Commission for approval. Approval of the Commission of Service Territory Agreements is necessary to comply with the purposes of the Electric Supplier Stabilization Act.

2. The Petitioners have for some time had a Territory Agreement between them. Such Agreement predated the amendment to Idaho Code § 61-333, and therefore United and East End seek approval of the Commission of the existing Territory Agreement. A copy of that agreement is attached as Exhibit 1.

3. The Agreement was negotiated between the parties in order to settle a service territory between the parties, provide for stability of service with consumers, to eliminate duplicating of services and to provide safety in the respective territories.

4. For the foregoing reasons and to fulfill the requirements of Idaho Code § 6-333 United and East End request the Commission, after notice and hearing, approval of the Agreement pursuant to law.

DATED this 12 day of JUNE, 2003.

SERVICE AREA STABILIZATION AGREEMENT

AGREEMENT made this 30 day of May, 2003, by and between UNITED ELECTRIC CO-OP, INC. of 1331 21st Street, Heyburn, ID 83336, ("UNITED") and EAST END MUTUAL ELECTRIC COMPANY, LTD. of 528 E Street, Rupert, ID 83350 ("EAST END").

1. RECITALS:

1.1 United and East End are electric non-profit corporations organized in the State of Idaho and distributing electric energy to their respective members.

1.2 The service areas of United and East End, in part, are adjacent and contiguous to each other.

1.3 The parties have, in recent years, had an oral understanding relative to the respective service areas, however, the parties deem it appropriate to reduce their respective understandings to this written Agreement and to have the same approved by the Idaho Public Utilities Commission pursuant to Idaho Code § 61-333.

In consideration of the recitals, the covenants and conditions herein contained and by statutory authority the parties agree:

2. TERRITORY DEFINED: Exhibit 1, attached to this Agreement and made a part hereof by reference, defines the territories of the respective parties as they are contiguous to each other. All of the area outside the red line ("UEC") identified on Exhibit 1, shall be the United territory and all territory within the red line ("EEE") shall be the East End territory. United shall serve all new customers in its defined area and East End shall serve all customers in its defined area.

3. **EXISTING CUSTOMERS**: To the extent that either party is currently providing service to customers within the service area assigned to the other party by this Agreement, said parties shall continue to serve said customer. United or East End shall not be required to withdraw from the service area allocated to the other, but the right to continue to serve existing customers within the service area of the other party shall not be construed to authorize extension of service to new customers within the service area allocated to United and East End by this Agreement.

4. **CAPTIONS**: The captions of the paragraphs of this Agreement are for identification purposes only and the captions shall not be construed to define or limit the express provisions of the respective paragraphs.

5. **ATTORNEY FEES**: The prevailing party in any action arising under this Agreement shall be entitled to reasonable attorney fees and costs in addition to all other relief afforded by the court.

6. **OTHER CUSTOMERS**: Nothing contained herein shall prohibit the parties from entering into a written agreement to permit the service of a new customer by party whose distribution system is located in the service area of the other, if the new customer can be served more efficiently and safely from the existing service lines of the other party or by the extension of existing service lines. Such agreement shall be in writing, authorized by the respective governing board of each party, and when executed shall be appended to this Agreement. The entering into such agreement is discretionary with either party and neither party shall have the right of action against the other for the exercise of such discretion.

7. **TERM**: This Agreement shall remain in full force and effect so long as each of the parties shall continue to operate as electric suppliers under their present form of ownership. In the event either party should terminate operations as an electric supplier, the boundary lines established by the respective service area shall remain in effect as to the successors in interest. In the event either or both parties merge, consolidate, sell or otherwise become a different entity this Agreement shall nevertheless remain in full force and effect as to the successor in interest of the respective parties.

8. **EFFECTIVE DATE**: This Agreement shall be effective upon its execution by the respective parties and approval by the Idaho Public Utilities Commission. When so executed and approved a copy shall be recorded in the office of the County Record, County of Minidoka, State of Idaho.

9. **ENTIRE AGREEMENT & MODIFICATION**: This Agreement constitutes the entire understanding of the respective parties. All prior negotiations and understandings are deemed merged herein. This Agreement may only be modified in writing executed by the authorized officers of the parties and approved by the Idaho Public Utilities Commission.

10. **EXISTING CUSTOMERS**: Exhibit 2 attached contains certain exceptions to the territories:

EXHIBIT 2 contains the names of members of each party that are in or close to the territory of the other party. These members may continue to exist as they are until events change or that it can be accurately determined in which territory the members exist at which time, if any, this Agreement shall be modified accordingly.

11. **SUBSTATION**: United has a substation in the East End territory. United

shall be entitled to leave the substation in the East End territory without being in violation of the Agreement, provided however, United shall not expand its customer base in the East End territory by virtue of having the substation so located. The placement of lines and other necessary apparatus for use of the substation by United in the East End territory shall not be a violation of this Agreement.

IN WITNESS WHEREOF the parties have executed this Agreement the day and year first above written.

UNITED ELECTRIC CO-OP, INC.

By 
Ron Osterhout, President
