Re: Case No. IPC-E-01-34
ERRATA
Idaho Power Company's Motion for Stay

Dear Ms. Jewell:

On October 1, 2002, the Company filed its Motion For Stay of Commission Order Nos. 28992 and 29103 relating to reduced/lost revenue from the Irrigation Load Reduction Program. It has been called to my attention that there is an error on Page 2 of that Motion as follows:

EXISTING LANGUAGE:

401	Operation Expense	
	699 M30108 441 5557001	\$11,587,179.08

This description should have been as follows with the underlined portion reflecting the change made by dropping one "5":

401	Operation Expense	
	699 M30108 441 <u>557001</u>	\$11,587,179.08

Please do not hesitate to contact me should you have any questions or concerns. I would appreciate it if you would return a stamped copy of this transmittal letter for our file.

Very truly yours,

Larry D. Ripley
