E-Mail: kmfalen@yahoo.com
Company: Idaho Power

Comment description: I recently heard about the possible reduction in power rates. I would like to say please do so. It would help our family's budget a great deal. I'm working not quite full time hours and my husband has been laid off for two months now and so far it doesn't look good for him to back to work anytime soon. We are just getting by on a 1/3 less of our household income. So a rate reduction would mean a great deal to us. Thank You.
