---

Idaho Power Company (Idaho Power, Company) filed an Application on May 6, 2003 requesting authority to revise its depreciation rates for the Company's electric plant in service. The Commission issued a Notice of Filing, Modified Procedure and Comment/Protest Deadlines with regard to the Application on June 3, 2003. Order No. 29253. Under the timeframe set forth in the Notice, comments were due Friday, August 8, 2003 and Idaho Power's reply comments were due on August 19.

On July 31, 2003, Commission Staff filed a Motion for Extension of Comment Deadlines pursuant to Commission Rule 256. IDAPA 31.01.01.256. Staff's Motion represented that Staff, Idaho Power and the Industrial Customers of Idaho Power agreed that additional time is needed to determine if a settlement can be reached and draft an appropriate stipulation and/or comments. Staff's Motion also indicated that counsel for the other parties participating in this case did not object to extension of the comment and reply comment deadlines to August 29, 2003 and September 9, 2003, respectively.

Based upon these uncontested representations, the Commission accordingly modifies the comment deadlines previously set in Order No. 29253 to allow the parties an adequate opportunity to settle and/or respond to the issues presented in the Company's Application.
