Re: Case No. IPC-E-03-10
Sale and Purchase Agreement of Surplus Energy between TASC0
and Idaho Power

Dear Ms. Jewell:

In Order No. 29420 issued on January 15, 2004, in Case No. IPC-E-03-10, the Commission approved an Agreement for Sale and Purchase of Surplus Energy (the "Nampa Agreement") between Idaho Power and Amalgamated Sugar Company ("TASCO") dated October 2, 2003. Under the Agreement, Idaho Power agrees to purchase from TASCO surplus energy not otherwise consumed at its Nampa, Idaho, facility.

Through tariff changes approved by minute order in accordance with general rate case Order No. 30508, the Commission authorized the termination of all Uniform Service Agreements between Idaho Power and its customers effective March 1, 2008. As a result, it is necessary to amend the Nampa Agreement to remove all references to the Uniform Service Agreement and instead reference only the Agreement for Supply of Standby Electric Service between Idaho Power and TASCO dated December 7, 2005, as amended by the Letter Agreements dated January 31, 2007, and May 6, 2008. Furthermore, it is also necessary to terminate Amendment 1 to the Uniform Service Agreement dated September 15, 2004, and incorporate the provisions of Amendment 1 regarding Basic Load Capacity into the Nampa Agreement.

Enclosed for filing is a Letter Agreement dated May 6, 2008, in which Idaho Power and TASCO have agreed to amend the Nampa Agreement to reflect these changes. I would request that you file the Letter Agreement with the Nampa Agreement that was approved in the IPC-E-03-10 case. In addition, I would appreciate it if you would return a stamped copy of this transmittal letter to me in the enclosed self-addressed stamped

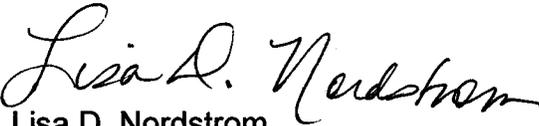

P.O. Box 70 (83707)

envelope. It is not Idaho Power Company's intention to file an application with the Commission and open a new docket for a contract change that is in the nature of a housekeeping matter. Of course, if the Commission desires that Idaho Power make a separate filing to present this amendment, the Company is certainly willing to do so.

If the Commission has any questions regarding this matter, please do not hesitate to contact me.

Very truly yours,

Lisa D. Nordstrom

RE: Amendments to October 2, 2003 Nampa Agreement
TASCO and Idaho Power Company

Dear Mr. Huff:

The Agreement for Sale and Purchase of Surplus Energy between Idaho Power Company ("Idaho Power") and The Amalgamated Sugar Company ("TASCO") dated October 2, 2003 ("the Nampa Agreement") defines an arrangement under which Idaho Power agrees to purchase from TASCO surplus energy not otherwise consumed at its Nampa, Idaho facility.

The Idaho Public Utilities Commission, through Order No. 30508 authorized the termination of all Uniform Service Agreements between Idaho Power and its customers effective March 1, 2008. As a result, it is necessary to amend the Nampa Agreement to remove all references to the Uniform Service Agreement and instead reference only the Agreement for Supply of Standby Electric Service between Idaho Power and TASCO dated December 7, 2005 as amended by the Letter Agreements dated January 31, 2007 and May 6, 2008. Furthermore, it is also necessary to terminate Amendment 1 to the Uniform Service Agreement between Idaho Power and TASCO dated September 15, 2004 and incorporate the provisions of Amendment 1 into the Nampa Agreement. The Nampa Agreement is to be amended as follows:

1. Section C will be amended to read:
TASCO currently purchases standby electric service for the Nampa Plant from Idaho Power under the Agreement for Supply of Standby Electric Service Between Idaho Power Company and The Amalgamated Sugar Company, LLC dated December 7, 2005 as amended by the Letter Agreement dated January 31, 2007 and the Letter Agreement dated May 6, 2008 (Standby Agreement).

in lieu of

TASCO currently purchases standby electric service for the Nampa Plant from Idaho Power under the Agreement for Supply of Standby Electric Service Between Idaho Power Company and The Amalgamated Sugar Company, LLC dated April 6, 1998 (Standby Agreement).

2. The current Section 1.14 will be amended to read:
"Total Contract Demand" is measured at the Point of Delivery and means the sum of the Standby Facilities Contract Demand and the Supplementary Contract Demand as specified in the Standby Agreement.

in lieu of

"Total Contract Demand" is measured at the Point of Delivery and means the sum of the Standby Facilities Contract Demand as specified in the Standby Agreement and the KVA of demand specified in the Uniform Large Power Service Agreements (Schedule 19 Agreements).

3. Section 4.5 will be added and will read:
During the term of this Agreement, TASCOS minimum monthly Basic Load Capacity ("BLC") under Schedule 19 will be equal to the Supplementary Contract Demand as specified in the Standby Agreement. The minimum monthly BLC will be billed to TASCOS at the rates in effect under the then-current Schedule 19. When the Agreement is terminated, TASCOS minimum monthly BLC will no longer be fixed but will revert to the conditions specified in the then-current Schedule 19.

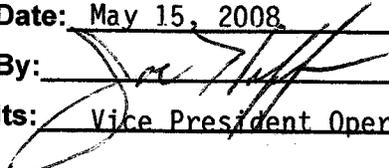

If you approve of the foregoing amendments to the October 2, 2003 Nampa Agreement, please indicate your acceptance in the space provided below, retain one copy of this Letter Agreement and return a copy to Idaho Power.

Cordially,

John R. Gale
