Comment_description: I have been an Eagle resident for approx. 15 years. In that time I have seen the growth and changes that have occurred to make Eagle such a fabulous place to live. Multitudes of people have spend years planning and developing Eagle into a highly desired area in which to raise their families, work and make a home for themselves. Please consider this when we are faced with potentially disasterous issues such as these. The integrity of our community is at stake. Thank you.

Comment_description: PLEASE reconsider the planning of installing McMillan-esque large power poles down HWY 44 from Eagle to Star. The consequences on the Eagle real estate market and quality of life could be significant.
