E-Mail: bcranch@starband.net
Company:

Comment description: We are opposed to the siting of 21 proposed additional wind towers above the Hagerman Valley. All of the residents that we speak to did not expect to see these existing seven on the rim overlooking one of the most beautiful spots in southern Idaho. Everyone thought that they would be back to the west enough so that they wouldn't be such an eyesore. Twenty one more is unconscionable. We are all for wind power BUT place them further to the west. Why ruin the scenic beauty in the valley.
