State: Idaho
ZIP: 83524
Home_Telephone: 208-843-5734
E-Mail: ~~jacobsenlarson@peoplepc.com~~ *invalid*
Company: Avista
mailing_list_yes_no: *yes*

Comment_description: I am sorry that I do not have a case number. I am looking for info about rate adjustments involving gas infrastructure at Mountain Home. If the increases are to be applied only within the area served by the infrastructure or applied across the board to all service areas to pay for the infrastructure. If the rate increase is for service area only this makes sense, but would make no sense if areas not served currently or would have no future service available were involved with the rate increase. Thank you
