

prudently incurred expenses for ratemaking purposes. The proposed effective date of the Agreement is May 5, 2005.

On June 2, 2005, the Commission issued Notices of Application and Modified Procedure in Case No. IPC-E-05-17. The deadline for filing written comments was Friday, June 24, 2005. Commission Staff was the only party to file comments. Staff notes that the Golden Valley project is similar in design to five wind projects approved by the Commission for development in the Hagerman area. Staff recommends approval of the Agreement with the Company recommended effective date of May 5, 2005.

### **Commission Findings**

The Commission has reviewed the filings of record in Case No. IPC-E-05-17, including the underlying Agreement and the comments and recommendations of Commission Staff. Idaho Power has presented a Firm Energy Sales Agreement with Golden Valley Wind Park, LLC for Commission consideration and approval. The Agreement is for a 10.5 MW wind project located near Burley, Idaho. As represented and pursuant to contract, under normal and/or average conditions the project will not exceed 10 aMW on a monthly basis. We thus find that the project is qualified to receive the published avoided costs rates approved by the Commission.

The Commission finds that the Agreement submitted in this case contains acceptable contract provisions and includes the non-levelized published rates approved by the Commission in Order No. 29646. We find it reasonable that the submitted Agreement be approved without further notice or procedure. IDAPA 31.01.01.204. We further find it reasonable to allow payments made under the Agreement as prudently incurred expenses for ratemaking purposes.

### **CONCLUSIONS OF LAW**

The Idaho Public Utilities Commission has jurisdiction over Idaho Power Company, an electric utility, pursuant to the authority and power granted it under Title 61 of the Idaho Code and the Public Utility Regulatory Policies Act of 1978 (PURPA).

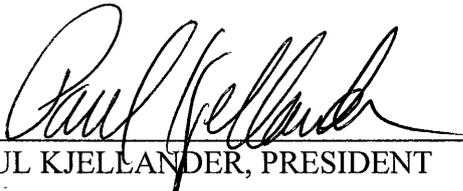

The Commission has authority under PURPA and the implementing regulations of the Federal Energy Regulatory Commission (FERC) to set avoided costs, to order electric utilities to enter into fixed term obligations for the purchase of energy from qualified facilities and to implement FERC rules.

**ORDER**

In consideration of the foregoing, IT IS HEREBY ORDERED and the Commission does hereby approve the May 5, 2005 Firm Energy Sales Agreement between Idaho Power Company and Golden Valley Wind Park, LLC.

THIS IS A FINAL ORDER. Any person interested in this Order may petition for reconsideration within twenty-one (21) days of the service date of this Order.
