Re: Case No. IPC-E-05-37
Idaho Power Company Agreement to Provide Standby Electric Service
to The Amalgamated Sugar Company, LLC

Dear Ms. Jewell:

In Order No. 29958 issued on January 26, 2006, in Case No. IPC-E-05-37, the Commission approved a Revised Standby Service Agreement ("Agreement") between Idaho Power and Amalgamated Sugar Company ("TASCO") dated December 7, 2005. Under the Agreement, Idaho Power supplies standby electric service to TASCO. In Order No. 29958, the Commission referenced the Uniform Service Agreements under which Idaho Power provides demand and energy to TASCO's Nampa, Twin Falls, and Paul facilities.

Through tariff changes approved by minute order in accordance with general rate case Order No. 30508, the Commission authorized the termination of all Uniform Service Agreements between Idaho Power and its customers effective March 1, 2008. As a result, it is necessary to amend the Agreement to include the Supplementary Contract Demand amounts formerly contained in the Uniform Service Agreement.

Enclosed for filing is a letter agreement dated May 22, 2008, in which Idaho Power and TASCO have agreed to amend the Agreement to reflect the Supplementary Contract Demand. I would request that you file the Letter Agreement with the Agreement that was approved in the IPC-E-05-37 case. In addition, I would appreciate it if you would return a stamped copy of this transmittal letter to me in the enclosed self-addressed stamped envelope. It is not Idaho Power Company's intention to file an application with the Commission and open a new docket for a contract change that is in the nature of a housekeeping matter. Of course, if the Commission desires that Idaho Power make a separate filing to present this amendment, the Company is certainly willing to do so.

Boise, ID 83705

RE: Amendments to the December 7, 2005 Agreement between
TASCO and Idaho Power Company

Dear Mr. Huff:

The Agreement for Supply of Standby Electric Service between Idaho Power Company ("Idaho Power") and The Amalgamated Sugar Company ("TASCO") dated December 7, 2005 ("the Agreement") provides up to three megawatts of standby service on a uniform basis to your Nampa, Twin Falls, and Paul facilities in Idaho.

The Idaho Public Utilities Commission, through Order No. 30508, authorized the termination of all Uniform Service Agreements between Idaho Power and its customers effective March 1, 2008. As a result, it is necessary to amend the Agreement to include the Supplementary Contract Demand amounts formerly contained in the Uniform Service Agreement. The agreement is to be amended as follows:

1. Section 2.14 will be amended to read:

"Supplementary Contract Demand" means the individual amounts of firm power, as specified in paragraph 4.3, Idaho Power has agreed to supply to supplement TASCO's own generation at each of the three TASCO Facilities.

in lieu of

"Supplementary Contract Demand" means the individual amounts of firm power TASCO has contracted to purchase under the Uniform Service Agreement for each of the three TASCO Facilities to supplement TASCO's own generation.

2. A new Section 4.3 will read:

Supplementary Contract Demand. Idaho Power will provide firm electric power and energy, up to the kW amounts listed below, to supplement TASCO's own on-site generation.

Nampa Facility 10,500 kW
Paul Facility 15,000 kW
Twin Falls Facility..... 7,500 kW

- 3. The current Section 4.3 will now be designated as Section 4.4.
- 4. The current Section 4.4 will now be designated as Section 4.5.

If you approve of the foregoing amendments to the December 7, 2005 Agreement, please indicate your acceptance in the space provided below, retain one copy of this Letter Agreement and return a copy to Idaho Power.

Cordially,

John R. Gale
