PETITION TO INTERVENE

Pursuant to Idaho Public Utilities Commission Rules of Procedure 53 and 71 through 73, and Commission Order No. 30044, NW Energy Coalition (“Coalition”) hereby seeks intervention in the above-captioned matter. As discussed below, the Coalition has a direct and substantial interest in these proceedings, and therefore should be granted intervention.

The NW Energy Coalition is a non-profit regional alliance of over 100 diverse environmental, civic, consumer, low-income customer advocacy groups, energy efficiency and renewable energy businesses, and progressive utilities in Idaho, Montana, Washington and Oregon. NW Energy Coalition’s main address is: 219 First Ave South, Suite 100, Seattle, WA 98104.

In Idaho, the Coalition has numerous individual and organizational members including the League of Women Voters, Idaho Rural Council, Idaho Rivers United, Idaho

Conservation League, Snake River Alliance, and various community action agencies in Idaho. NW Energy Coalition's members (and its members' members) include customers of Idaho Power Company. NW Energy Coalition advocates for increased energy conservation efforts, sustainable and ecologically-sound management of electric generating infrastructure, increased reliance on renewable sources of energy, and appropriate rate design policies consistent with these goals, all of which ensure low-cost power and rate stability for all utility customers.

NW Energy Coalition is active in ongoing processes with Idaho Power Company. Nancy Hirsh (Policy Director for the Coalition) sits on the Company's Energy Efficiency Advisory Group. The undersigned counsel (a member of NW Energy Coalition's Executive Board) participates in the Company's 2006 Integrated Resource Plan Advisory Council.

NW Energy Coalition has a direct and substantial interest in this proceeding because Idaho Power Company's requested adjustment to the annual power cost adjustment (PCA) methodology may impact its interests (and the interests of its members) in ensuring appropriate incentives exist for the Company to provide cost-effective energy efficiency services and efficient electric portfolio management at the lowest possible costs.

The Coalition seeks intervention in order to fully participate in this matter as a party and otherwise to present such materials as may be relevant to the Commission's decision(s) in this matter. The Coalition intends to seek intervenor funding pursuant to RP 161 through 165.

PLEASE TAKE NOTICE that NW Energy Coalition requests all documents in this matter be served to the following persons:

WHEREFORE, NW Energy Coalition respectfully requests that the foregoing petition to intervene be granted.

Dated: May 30, 2006

Respectfully submitted,

A handwritten signature in black ink, appearing to be 'W. Eddie', written over a horizontal line.
