Re: Case No. IPC-E-06-09
In the Matter of the Application of Idaho Power for a Certificate of
Convenience and Necessity for the Evander Andrews Power Plant

Dear Ms. Jewell:

Enclosed please find, for filing and pursuant to IPUC Order No. 30201 in the above-referenced case, the January 2007 transmission interconnection and network upgrade estimate requested by the Idaho Public Utilities Commission for Idaho Power Company's proposed Evander Andrews Power Plant. The Company will apprise the Commission of any updates to this estimate that it may receive.

Very truly yours,

Re: Evander Andrews Project #88
Requested January 2007 Cost Estimate.

Dear Greg:

Attached please find the January estimate for the cost of the Interconnection and Network Upgrades for the Evander Andrews project #88. The current total estimate for the project is **\$23,263,900**, which consists of \$722,000 in Interconnection costs, and \$22,541,900 in Network Upgrades. Please note that this estimate is premature to the contracted 90 calendar day Interconnection Facility Study Agreement costs which are due in mid February of 2007, and are subject to the same percentage variance.

Please let me know if you have any questions.

Sincerely,

A handwritten signature in cursive script that reads "Mark Slusser".
