Re: Case No. IPC-E-06-10
Cassia Wind Farm, LLC, Firm Energy Sales Agreement – Project's
Agreement to Pricing Schedule Update

Dear Ms. Jewell:

Enclosed for filing are an original and seven (7) copies of a letter signed by Richard S. Free on behalf of Cassia Wind Farm, LLC ("Cassia Wind") in which Mr. Free has agreed, understood, and accepted the update to the pricing schedule contained in Cassia Wind's Firm Energy Sales Agreement.

Very truly yours,

Julia A. Hilton

Subject: Cassia Wind Farm - Project Number - 31318100

Dear Richard,

Idaho Power previously provided you a letter dated May 3, 2003 which addressed your request for an update on the pricing schedule contained in Article VII of the Firm Energy Sales Agreements (Agreement) between Cassia Wind Farm, LLC and Idaho Power Company dated 04/07/2006.

The pricing within this Agreement contains the standard published avoided cost rates in accordance with Idaho Public Utilities Commission (IPUC) Order No. 29646 which was in effect at the time this Agreement was executed. The Agreement does contain 20 years of pricing, however due to the actual Operation Date of 3/24/2009 the full 20 year term of the Agreement extends to March 2029. Review of IPUC Order No. 29646 provides pricing for 2028 and 2029 as follows:

Article VII: PURCHASE PRICE AND METHOD OF PAYMENT

7.1 Base Energy Purchase Price:

Table with 4 columns: Year, Season 1 - (73.50 %) Mills/kWh, Season 2 - (120.00 %) Mills/kWh, Season 3 - (100.00 %) Mills/kWh. Rows for 2028 and 2029.

As stated in the last paragraph of the letter, Idaho Power filed this letter with the IPUC as an informational copy. The IPUC has subsequently advised that the letter will require IPUC approval and as part of that process Idaho Power seeks the project's agreement to include the above-listed standard published avoided cost prices in effect at the time the Agreement was signed for the final two years of the Agreement.
