RE: COMPLIANCE FILING TO INSTITUTE A UNIFORM SCHEDULE 72
INTERCONNECTION AGREEMENT AND AMEND TARIFF
LANGUAGE; CASE NO. IPC-E-06-18.

On November 17, 2006, Idaho Power filed tariff revisions as required by Commission Order No. 30179 issued in Case No. IPC-E-06-18. The tariff being revised is Schedule 72, Interconnections to Non-Utility Generation. The revisions include the addition of a Uniform Interconnection Agreement, and the adoption of IEEE1547 standards for all net metering facilities and for PURPA projects with a nameplate rating less than 1 MW. Staff has reviewed the filed tariff and believes it is in compliance with the previously cited Order.

STAFF RECOMMENDATION

Staff recommends Commission approval of the filed tariff.
