Please describe your question or comment briefly:
Wind Power in Idaho

I request that the Idaho Power Company work with the groups who are attempting to bring wind power to Idaho. We need wind power, it is less invasive than dams or coal fired plants.

I do not believe developers should have to pay for grid upgrades and I do not believe the Idaho Power clients should see rate increases. These upgrade costs will/should be offset by the additional power you will sell to surrounding states.

Wind Power for Idaho!!!
