Boise, ID 83720-0074

RE: Performance-Based Demand-Side Management Incentive Pilot Quarterly Progress Report

Dear Ms. Jewell:

Pursuant to Order No. 30268, Idaho Power Company ("Company") has filed quarterly Performance-Based Demand-Side Management Incentive Pilot progress reports for the first three quarters in 2007. Each of the progress reports included preliminary program results along with an estimated market share achievement to date. Currently, the Company is finalizing its accounting records for 2007. Rather than providing preliminary year-end program results at this time, it is my intent to provide final year-end program results on or before March 15, 2008, as allowed by Order No. 30268. Furthermore, it is my intent to include in that report a complete review of the progress made between the Company and the Commission Staff in addressing some of the "technical difficulties" identified by Staff in its comments in Case No. IPC-E-06-32 and later detailed in Order No. 30268.

If you have any questions regarding this letter or if the Commission feels that a report of preliminary program results should be filed prior to March 15, 2008, please feel free to contact me at 388-5515.

Sincerely,

Tim Tatum
