RE: Performance-Based Demand-Side Management Incentive Pilot Quarterly Progress Update, Case No. IPC-E-06-32

Dear Ms. Jewell:

Pursuant to Order No. 30268, Idaho Power Company ("Company") has filed quarterly Performance-Based Demand-Side Management Incentive Pilot progress updates for the first three quarters of 2008. Each of the progress updates included preliminary program results along with an estimated market share achievement to date. Currently, the Company is finalizing its accounting records for 2008. Rather than providing preliminary year-end results at this time, it is my intent to provide final year-end program results on or before March 15, 2009, as allowed by Order No. 30268.

If you have any questions regarding this letter or if the Commission feels that a report of preliminary program results should be filed prior to March 15, 2009, please feel free to contact me at 388-5515.

Sincerely,

Tim Tatum
