Re: Case No. IPC-E-07-02  
Rule C Exemptions

Dear Ms. Jewell:

Following the issuance of Order No. 30274 granting Idaho Power Company's Petition for an exemption of specific accounts from the Company's Rule C aggregated meter reading provisions, it was brought to my attention that a typographical error existed in Idaho Power's original petition. Although the Company requested an exception for a "Micron Fab B (Nampa)" account, it should have read "Micron Fab D (Nampa)." No Micron Fab B account exists.

In consultation with Deputy Attorney General Donovan Walker, Idaho Power requests that the list of customers exempt from Rule C as it is applied to aggregated meter readings be amended to reflect this corrected account name. The Company also requests that this letter be added to the Commission's file to document the correction.

Idaho Power regrets any inconvenience this change may cause. Please contact me at (208) 388-5825 if you have questions or I can be of assistance in this matter.

Very truly yours,

Lisa D. Nordstrom
