Re: Case No. IPC-E-07-02, Order No. 30274
Informational Letter Regarding Exemption from the Company's Rule C Provisions
Regarding Aggregated Meter Reading

Dear Ms. Jewell:

Pursuant to Order No. 30274 in Case No. IPC-E-07-02, Idaho Power Company ("Company") is providing an updated list of customer sites that have been granted an exemption from the Rule C requirement that meters may not be aggregated. The Company is not seeking approval of any new site exemptions; rather, it is modifying three names on the original list it provided to the Commission during Case No. IPC-E-07-02, and is adding one customer who has previously been granted an exemption by the Commission in a February 2014 decision meeting.

The modification to the list is as follows:

- (1) Name change to No. 2 – American Micro Systems (Pocatello) was sold to ON Semiconductor.
- (2) Name change to No. 6 – Micron Fab B (Nampa) was sold to ON Semiconductor.
- (3) Name change to No. 7 - Micron Nano Fab (Boise) was sold to Photronics.
- (4) Addition of No. 10 - J. R. Simplot facility in Caldwell was granted an exemption by the Commission.

If you have any questions regarding this request, please contact Connie Aschenbrenner at (208) 388-5994 or caschenbrenner@idahopower.com.

Sincerely,

Lisa D. Nordstrom
