UTILITIES)

COMES NOW, Idaho Power Company (Idaho Power" or "the Company") by and through its attorneys and hereby moves to withdraw the pending Joint Petition for an exemption from Rules 102 and 103 of the Idaho Public Utility Commission's Master Metering Rules for Electric Utilities for the mixed-use development to be built at Sixth and Front Streets (the "Development") by C-Squared Development, LLC in Boise, Idaho.

Joint Petitioner Gary Christensen is no longer associated with the Development, which continues under the direction of C-Squared Development partner Clay Carley. Although the Development is being reconfigured in a manner still expected to meet Leadership in Energy and Environmental Design ("LEED") certification standards, the Joint Petitioners prefer to re-file the exemption request when the plans are finalized.

NOW THEREFORE, Idaho Power respectfully requests that the Commission grant this Motion and conclude this proceeding.

DATED this 18th day of January, 2008.
