IDAHO PUBLIC
UTILITIES COMMISSION

April 25, 2008

IDAHO PUBLIC UTILITIES COMMISSION
P.O. Box 83720
Boise, Idaho

TO WHOM IT MAY CONCERN:

I oppose the 1.4% increase by Id Power to pay for a new \$64.9 million natural gas plant near Mountain Home. They need to budget for this. This is case number IPC-E-08-01.

IPC-E-08-03 ENERGY EFFICIENCY RIDER:

I oppose the proposal to increase the surcharge Idaho Power collects to pay for "so called" demand response and energy efficient programs.

I am a Senior living on a fixed income and conserve on electricity everyday any way I can so I don't have to pay any higher electric bill than I have to, then Id Power comes along with these surcharge gimmicks. This means I have to pay for the rich who don't conserve. My grocery bill keeps going up, my gas for my car increases every time I fill up, we simply cannot continue to keep up on a fixed income.

I oppose the 10% increase on June 1st, by Id Power. (IPC-E-08-07)
Ida Power is making mega bucks, they need to quit passing increases onto the backs of Seniors, single parents and the poor. Their CEO'S are well paid. They need to have training sessions on budgetting, like I have to.

SINCERELY,

Doris Robinson
Emmett RHA
