State: Idaho
Zip: 83704
Daytime Telephone: 208-344-8182
Contact E-Mail: davesinc@cableone.net
Name of Utility Company: Idaho Power
Add to Mailing List: yes

Please describe your comment briefly:

I have received a bill that is three time my normal bill. I have been using less electicty this year than last year (I am using less equipment).

I feel that Idaho power is incorrectly charging me and that they are getting raises for KWh above what the rest of the ecommy increases.

This last 12 months are 25% higher that the 12 months before and we have used less KWh.

They are acting like the oil companies.

I see they have all new equipment in there fleet and that the Mgt. are paid very well.

I also have found that they are owned by IdaCorp and that the profits are going to that company, so they can show the profits of Idaho Power to be low and then put in for more rate increases.

This is unfair to all of there users.

Idaho Power should be owned by Idaho Power and then they would not have to support two companies (Idaho Power and IdaCorp) Please review my last three years of billing and you will see that we are using less KWh each year and being charged much more, also they are having a very hard time of reading meters and then they bill all there mistakes in one months billing.

This is not right.

Thank You

Dave Huddleston
