Name of Utility Company: Idaho Power
Add to Mailing List: yes

Please describe your comment briefly:

Hello. I am very opposed to the three tier billing system for Idaho Power. We live in a rural area and do not have access to natural gas. We are an all electric home. We changed from propane gas heat in October of 2008 to a high efficiency all electric furnace at a huge cost to change. Now, with the three tier billing system for Idaho Power, our bill went from \$398.45 on 12-2-08 to \$803.57 on 12-2-09. This is killing us and January and February are ahead of us. Rural areas should have a different tier structure.
