Daytime Telephone: 208-867-9558
Contact E-Mail: HomedaleID@gmail.com
Name of Utility Company: Idaho Power
Add to Mailing List: yes

Please describe your comment briefly:

It appears that Idaho Power has the Idaho Public Utilities Commission right in their pocket. Must be a pretty cozy relationship. How could a commission that exists for the interests and good of the people of Idaho allow and approve the kind of increase in rates and miscellaneous charges that we have experienced over the last several months since the summer. I am a person who has just retired on Social Security that the Federal government says will not see a COLA increase either this year or next. They tell us it's because the cost of living hasn't gone up. You are proof of the folly of this assessment. Our monthly electric bill went from and avg of \$80/mo to now \$155-190/month. Obviously, your commission exists for the good of Idaho Power and not for the good of the people of this state. Who do you think you are fooling? You will never convince me that the cost of producing electricity took this kind of a jump in this short amount of time. Try doing something for us, the people of Idaho. Don't forget who pays your salaries. If this seems harsh to you, Idaho Power is just as harsh and rigid and they expect payment for these ridiculous rates without blinking an eye. Thanks for listening.
