PETITION FOR LEAVE TO INTERVENE OF KROGER CO.

3. **Petitioner's Interest in this Proceeding:**

Kroger is a corporation engaged in the business of selling groceries at retail throughout the United States. One of the largest retail food companies in the United States, Kroger operates approximately 10 grocery stores and other facilities in the state of Idaho. These stores purchase more than 30 million kWh of electricity from the Company annually. Petitioner is one of the largest commercial customers served by the Company. The grocery stores operated by Kroger are high load factor facilities that use energy for food storage, lighting, heating, cooling and distribution, often on a 24 hour a day, 7 day a week basis. If the Company's application is granted, then the cost for electric power service to Petitioner could be substantially impacted. Petitioner has a substantial and vital interest in the outcome of this proceeding which cannot be adequately represented by any other party.

4. **Evidence to be Presented:**

Kroger intends to present evidence related to rate design and revenue allocation.

WHEREFORE, for the reasons set forth above, Petitioner requests that this Petition to Intervene be granted.

DATED this 18th day of August, 2008.
