Please describe your comment briefly:

No comment on (AMI) charge. Against (EE) and (FCA) programs. The later two, as i read this, I'm already paying 2.5%. I do not wish to pay for others improvements. If all these things save money, why are bills going up as much as they are? Currently I am bailing out banks, people that overspent, bought houses that shouldn't have, and soon, 'the government'.
