IN THE MATTER OF THE APPLICATION)
OF IDAHO POWER COMPANY FOR) CASE NO. IPC-E-09-31
AUTHORITY TO SELL TO RAFT RIVER)
RURAL ELECTRIC COOPERATIVE, INC.,) MOTION TO AMEND
CERTAIN ELECTRIC DISTRIBUTION) APPLICATION
FACILITIES CURRENTLY OWNED BY)
IDAHO POWER COMPANY.)
_____)

Idaho Power Company ("Idaho Power" or "the Company") filed an Application on November 10, 2009, in which it requested authority from the Commission, pursuant to Idaho Code § 61-328 and RP 52, to sell to Raft River Rural Electric Cooperative, Inc. ("Raft River") certain electrical distribution facilities and appurtenant rights-of-way owned by Idaho Power in southern Twin Falls County, Idaho. In its Application, the Company advised that it estimated that the sales price for the facilities, based on the net book value, would be approximately \$72,000.00, including a tax gross up. (Application, p. 3.) Upon further

review of this transaction by the Company's Delivery business unit, it has been determined that it is extremely unlikely that there will be any income tax liability created by this transaction and, as a result, it is unnecessary for the Company to require a tax gross up to fairly price the facilities to be sold. As a result, the sales price to Raft River is now estimated to be approximately \$44,000.00 rather than the \$72,000.00 set out in the Application. Documentation showing the derivation of the \$44,000.00 amount has been provided to Commission Staff auditors pursuant to an audit request.

THEREFORE, Idaho Power respectfully requests that the Commission, in considering this Application, recognize that the sales price to Raft River will be approximately \$44,000.00 rather than the \$72,000.00 originally set out in the Application. All other portions of the Application are unchanged and continue to be true and correct as set out in the Application.

DATED this 21st day of December 2009.

BARTON L. KLINE
Attorney for Idaho Power Company
