Re: Case No. IPC-E-09-35  
*IN THE MATTER OF IDAHO POWER COMPANY'S APPLICATION FOR  
APPROVAL OF A REPLACEMENT SPECIAL CONTRACT WITH MICRON  
TECHNOLOGY, INC.*

Dear Ms. Jewell:

Enclosed for your reference and file is a copy of a Letter Agreement between Idaho Power Company ("Idaho Power") and Micron Technology, Inc. ("Micron") wherein the parties have agreed to an increase in Micron's Contract Demand Level pursuant to the Agreement for Electrical Service Between Idaho Power Company and Micron Technology, Inc., that was previously approved by the Idaho Public Utilities Commission ("Commission") in Order No. 31006. Idaho Power is submitting this Letter Agreement to be included as part of the Commission's file in Case No. IPC-E-09-35, but is not requesting that the Commission take any action.

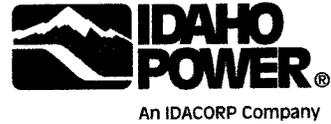

If you have any questions about the enclosed Letter Agreement, please do not hesitate to contact me.

Very truly yours,

Jason B. Williams

Re: Micron Technology, Inc., Contract Demand Level

Dear Mr. Velikoff:

I am in receipt of your letter of January 10, 2012, wherein Micron Technology, Inc. ("Micron") has requested an increase to its monthly Contract Demand from 60 megawatts ("MW") to 68 MW effective as of April 1, 2012. Idaho Power Company ("Idaho Power") is pleased to accommodate this request.

Pursuant to the Agreement for Electric Service Between Idaho Power Company and Micron Technology, Inc., dated December 29, 2009 ("Agreement"), Micron may request an increase to its Contract Demand above 60,000 kilowatts ("kW") in even 1,000 kW increments up to a total maximum Contract Demand of 120,000 kW. Agreement § 6.2(a). The Agreement further provides that upon Idaho Power granting Micron a new Contract Demand amount, such new Contract Demand shall be in effect for a minimum of at least six (6) months. *Id.*

Per your request, Micron's new Contract Demand under the Agreement shall be 68 MW effective April 1, 2012, and shall continue until at least October 1, 2012. Idaho Power shall continue to provide a Contract Demand of 68 MW to Micron subsequent to October 1, 2012, unless and until Micron provides notice that it desires to decrease and/or increase its Contract Demand in accordance with the Agreement. See Sections 6.2(a) and 6.2(b).

To confirm this mutual understanding, please have an authorized individual from Micron counter-sign both copies of this letter, keep one copy for your records, and return the other copy to me at your earliest convenience. As a procedural matter, we

will need to submit a copy of this letter to the Idaho Public Utilities Commission as an informational submission, which will not require any formal process. Please call me at (208) 388-5104 if you have any questions.

Very truly yours,

  
Jason B. Williams
