Re: Case No. IPC-E-09-35  
Micron Technology, Inc.'s Special Contract – Contract Demand Level  
Increase

Dear Ms. Jewell:

Enclosed for your reference and file is a copy of a Letter Agreement between Idaho Power Company ("Idaho Power") and Micron Technology, Inc. ("Micron") wherein the parties have agreed to an increase in Micron's Contract Demand Level pursuant to the Agreement for Electric Service between Idaho Power and Micron that was previously approved by the Idaho Public Utilities Commission ("Commission") in Order No. 31006. Idaho Power is submitting this Letter Agreement to be included as part of the Commission's file in Case No. IPC-E-09-35, but is not requesting that the Commission take any action.

If you have any questions about the enclosed Letter Agreement, please do not hesitate to contact me.

Very truly yours,

Julia A. Hilton

Re: Micron Technology, Inc., Contract Demand Level Increase

Dear Ms. Elroy:

*Correct  
OK*

I am in receipt of your letter of December 16, 2015, wherein Micron Technology, Inc. ("Micron") has requested an increase to its monthly Contract Demand from 54 megawatts ("MW") to 61 MW effective as of April 1, 2015. Idaho Power Company ("Idaho Power") believes that you intended to make the request for April 1, 2016. If that is incorrect, please let me know. Idaho Power is pleased to accommodate your request pursuant to the Agreement for Electric Service between Idaho Power Company and Micron Technology, Inc., dated December 29, 2009 ("Agreement").

The Agreement provides that Micron may request an increase to its Contract Demand in even 1,000 kilowatt increments. Agreement § 6.2(a). The Agreement further provides that such new Contract Demand shall be in effect for a minimum of at least six (6) months. *Id.*

Per your request, Micron's new Contract Demand under the Agreement shall be 61 MW effective April 1, 2016, and shall continue until at least October 1, 2016. Idaho Power shall continue to provide a Contract Demand of 61 MW to Micron after October 1, 2016, unless and until Micron provides notice that it desires to decrease and/or increase its Contract Demand in accordance with the Agreement. See Sections 6.2(a) and 6.2(b).

To confirm this mutual understanding, please have an authorized individual from Micron countersign both originals of this letter, keep one original for your records, and

Elizabeth Elroy

return the other original to me at your earliest convenience. As a procedural matter, we will need to submit a copy of this letter to the Idaho Public Utilities Commission as an informational submission, which will not require any formal process. Please call me at (208) 388-6117 if you have any questions.

Very truly yours,

Julia A. Hilton
