CASE NO. IPC-E-10-09

**PETITION TO INTERVENE**

COMES NOW Idaho Conservation League ("ICL") and hereby requests leave to intervene in the above captioned matter pursuant to the Idaho Public Utilities Commission Rules of Procedure, IDAPA 31.01.01.071-073. As discussed below, ICL has direct and substantial interests in these proceedings, and therefore should be granted intervention.

1. Please send copies of all pleadings, production requests, production responses, Commission orders, and other documents to the Intervenor at:

Idaho Conservation League  
710 N. 6<sup>th</sup> st.  
P.O. Box 844

2. Idaho Conservation League claims a direct and substantial interest in this proceeding arising from the impact to its members served by Idaho Power and to its long-term role advocating for public values. As Idaho's largest state-based conservation organization, we have thousands of members who are residential customers of Idaho Power. In addition to representing the interest of these residential customers, ICL has an interest in promoting the responsible expansion of energy efficiency and renewable energy in Idaho in order to protect clean air, clean water, and vibrant open spaces. Because this Commission has directed all utilities to pursue all cost effective efficiency and conservation measures, ICL's intervention will not unduly broaden the issues in this proceeding.

3. ICL intends to fully participate in this matter as a party, and if necessary, may introduce evidence, be heard in argument, and call, examine, and cross-examine witnesses as may be relevant in this matter. The nature and quality of ICL's intervention in the proceeding is dependant upon the nature and effect of other evidence in this proceeding. ICL intends to seek intervenor funding pursuant to IDAPA 31.01.01.161-165.

WHEREFORE, ICL respectfully requests the Commission grant this petition.

DATED this 28th day of June 2010.

Respectfully submitted,
